

VETERANS TRANSPORTATION AND  
COMMUNITY LIVING INITIATIVE

— & —

CENTRAL FLORIDA REGIONAL  
TRANSPORTATION AUTHORITY  
(LYNX)

The Federal Transit Administration (FTA) has provided \$34.6 million in 55 different “one-call/one-click” transportation resources centers across the country.

- LYNX's project – **TRACS**

**T**ransportation

**R**esources

**A**nd

**C**ommunity

**S**ervices

Was *one* of 17 transit system projects selected, being awarded \$1.3 million.

# PURPOSE

The **TRACS** project:

- Brings together available transportation services with human services programs – especially for veterans and military families
- Establish or expand a “one-call/one click” transportation resource center

# PROJECT GOALS

LYNX's **TRACS** Project goals are aligned with those of Veterans Transportation and Community Living Initiative (VTCLI):

- Enhance veteran's awareness of and access to transportation choices integrated within the region.
- To address the need to more effectively and consistently coordinate the Federal, State, and community-based programs already delivered or services sponsored.

# PARTNERSHIP

A strong partnership between the Regional Transportation Authority (*LYNX*) and the Veteran Services Organizations, Military Services Organizations, and the Human Services Communities (*Stakeholders*) is being forged.

The stakeholders will be highly engaged to gain input and consensus on all steps of the **TRACS** project.
