TWU and NYCT Partnership: Redesign of RX Programs, With Multimillion Dollars in Savings

- The new program and savings outcome:
 - New RX Program
 - Savings - \$43m over 3 years
- Challenge the conventional cost shifting solution
- Require the PBM to negotiate for our pre-designed contract grounded in transparency
- Pass through pricing and savings, actual cost plus admin fee charging

TWU and NYCT Partnership: Redesign of RX Programs, With Multimillion Dollars in Savings

How we got there:

- A due diligence that challenges the conventional approach
- Commitment at the highest level to fully exploring alternatives to cost shifting
- Building trust & goodwill in broad areas that creates the capacity to tackle more politically sensitive, challenging and costly projects
- The more challenging the more buy-in needed
