

American Public Transportation Association

2013 RISK MANAGEMENT SEMINAR

Cincinnati, OH

“FORWARD THINKING”

Managing Risk in Bus and Rail Operations

This year’s Risk Management Seminar theme is a reflection on today’s realities and how risk management becomes even more essential to organizations during unique and uncertain financial climates. We will focus on how risk management best practices and creative programs can make a positive difference to rail, bus and paratransit agencies.

Additional Transit Topics

- ✓ Lessons Learned from Rail Station Police Fatal Shooting Incident/Lawsuit
- ✓ Risk Management Insurance strategies for contracts with Small Businesses and subcontractors in compliance with railroad shared use agreements
- ✓ Accident Investigation Techniques/Refresher for Bus and Light Rail Incidents
- ✓ Workers’ Compensation Cost Reduction for Bus & Urban Rail Agencies
- ✓ How Rail and Bus Transit Agencies Deal with the Aftermath of Natural Disasters
- ✓ Fatigue and distracted operating issues for Rail and Bus agencies
- ✓ Impacts of FTA’s MAP 21 regulations and FRA’s Rail Safety Improvement Act
- ✓ Physical agility testing, fitness for duty and Rx testing of current employees
- ✓ Open Forum Risk Management Roundtable Discussion

Special features this year include cyber liability, environmental liability, Directors and Officers liability versus Public Officials Errors and Omissions, Railroad Protective Liability and many more hot insurance topics. Our program this year will feature a broad mix of sessions for rail, bus and paratransit agencies.
