Long Range Transportation Plan

Transit Program

30/10 Initiative - Transit Corridors

Metro

Transit-Oriented Districts

- Joint Developments
- TOD Planning Grants
- Union Station Master Plan

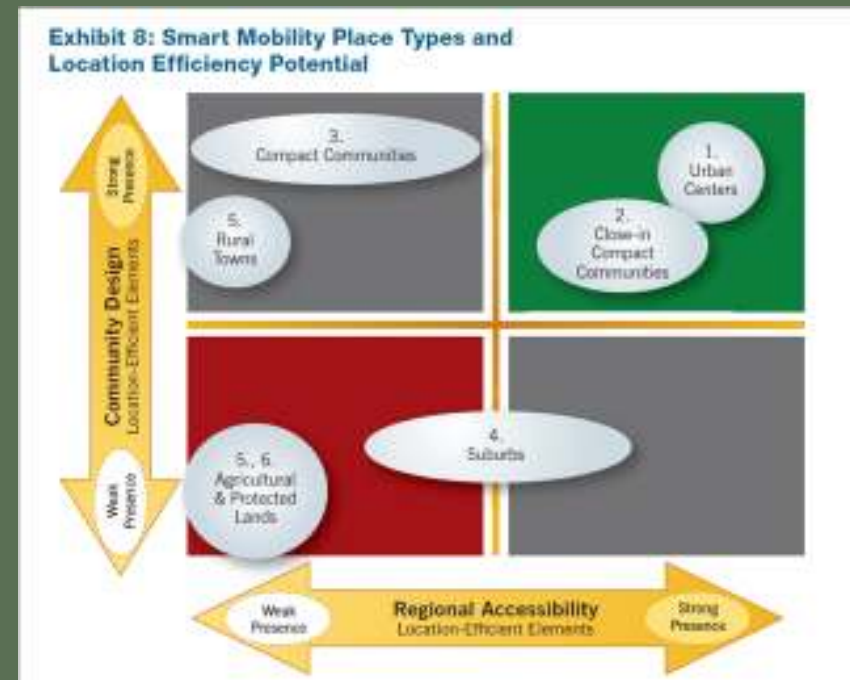

Community Linkages

- Bicycle Strategic Plan: Parking, Folding Bikes, Bike-Share
- Multi-Mobility Hubs
- East-side Access
- Call for Projects

Sustainable Communities Planning Framework

- Broaden agency understanding of sustainability to capture social, economic and environmental benefits
- Move from project-by-project to systems-based approach
- Framework will address:
 - All of Los Angeles County (not just a TOD study)
 - All travel modes and trip types (streets and highways, transit, and non-motorized)
 - All of the County's population (not just about one group, such as commuters)
 - Ways in which Metro's activities can incorporate sustainability principles to help achieve goals for livability, resource conservation, and well-being
- Deliverables include: LA place types to recognize that "one-size does not fit all", principles, and assessment tools

Smart Mobility 2010: A Call to Action for the New Decade. Caltrans.

Partnerships

- SB 375: Regional Sustainable Communities Strategy
- Los Angeles County Public Health: Station Area Planning
- Countywide Zero-Emissions Trucks Collaborative
- Los Angeles Regional Collaborative: Climate Action Plan
- Tree People/County Public Health: Urban Greening Plan
- Safe Routes to School
