The Senate is Now in Recess - There Is Still Time to Participate Until January 19

Join your fellow APTA members in participating in the first nationwide Telling Your Story – District Days!

The Telling Our Story Task Force, under the leadership of APTA Chair M.P. Carter, urges members to meet with their U.S. Senator or Member of the House of Representatives while they are on recess and just before they return to the Capitol.

You can meet with your House member or district staff from January 6-8 and your Senator or Senate district staff until January 19.

APTA has created a one page memorandum sheet you can leave with your Congress member at the district office or it can serve as your message points document. Obtain this and other resources to help you tell your story to Congress by clicking here.
