

## 2019 APTatech Technology Test Drive Exhibitors

### Emerging and Innovative Technology Test Drive

Regency Ballroom, 3rd Floor, Hyatt Regency Columbus

Session 1 – 2:30 - 3:45 p.m.

Session 2 – 4:00 - 5:15 p.m.

Integrating emerging/innovative technology requires a familiarity with existing and available technology, as well as factors which influence their design. If you didn't have a chance to fully explore the new technologies and services at the Product and Services Showcase, you now have another opportunity to get a hand's on discovering the new technologies in the transit marketplace. Exhibitors will give you a chance to learn more about what is available in the industry in an intimate table-top setting. Attendees will have the opportunity for hands-on demonstrations of recent emerging and innovative technologies in an interactive learning environment. So, come explore how you can integrate new technologies into practice to improve the quality of services you provide your customers...internal and external.
