

We see a better LA for all.

Metro Vision 2028

Metro[®]

Los Angeles County
Metropolitan Transportation Authority

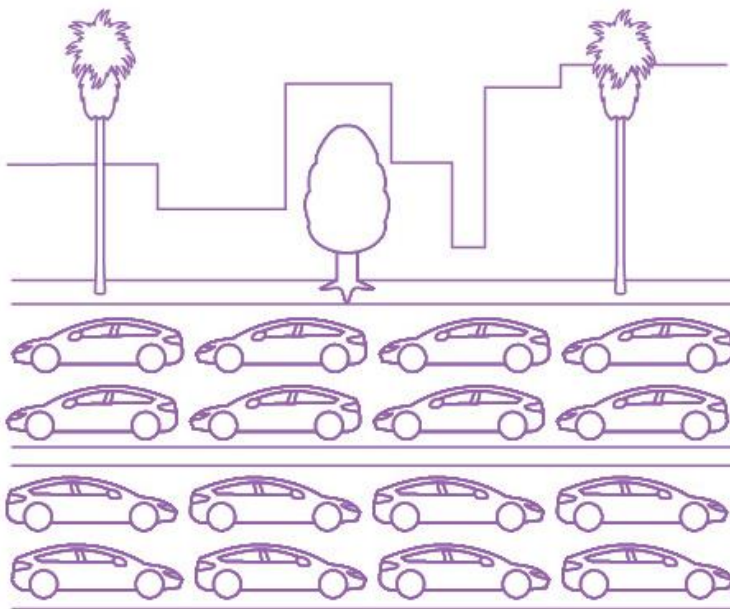

Problem Statement

Travel demand continues to increase on our oversubscribed transportation system.

Root Cause

We use transportation system capacity inefficiently.

Metro

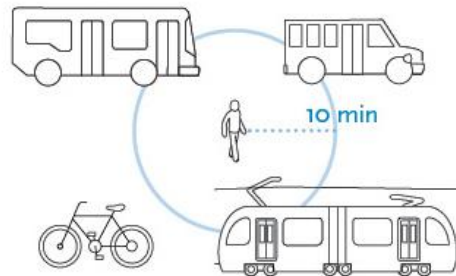

Vision

- Increased prosperity for all
- Swift and easy mobility, anytime, anywhere
- Accommodate more trips

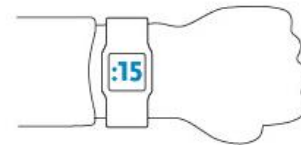

Visionary Outcomes by 2028

Vision 2028 Goals

1. Provide high-quality mobility options
2. Create outstanding trip experiences for all
3. Enhance communities through mobility
4. Collaborate to transform LA County
5. Promote trustworthy governance

We see faster travel options.

GOAL **1**

Provide high-quality mobility options that enable people to spend less time traveling.

ONLY
BUS

High-Quality Options – New Capacity

- Investment in areas of greatest mobility need
- Multimodal expansion (Measures R and M)

High-Quality Options – Existing Capacity

- Leverage bus service across the County
- Improve reliability through state of good repair
- Continuously improve system safety and connectivity
- Leverage regional rail (Metrolink)

High Quality Options - Manage Demand

- Establish comprehensive system pricing policy
- Expand ExpressLanes network (highways)
- Pilot congestion pricing (streets)
- Improve goods and people movement
- Expand access to new mobility services

We see a better trip.

GOAL 2

Deliver outstanding trip experiences for all users of the transportation system.
