

Welcome to APTA, the public transportation's largest and most influential trade association for all modes of public transportation. APTA:

- leads in the development and promotion of powerful messages that reinforce the industry's value as a positive economic and social force;
- serves as the industry's premier advocate in Washington, DC; and
- unifies the transportation community across all modes and for all professionals.

Your membership ensures that your organization benefits from APTA's advocacy initiatives, peer-to-peer networking, thought leadership, professional development and knowledge building, and best practices.

Three Steps to Join

- 1 Determine your membership category.
- 2 Find your annual dues in the tables below.
- 3 Complete this application and send to APTA with your dues payment.

CATEGORY A: U.S. and Canadian Transit-System Members

Includes FTA designations Section 5310 and 5311

APTA calculates these dues based on a system's annual operating expense for the system's most recent completed year. Canadian members receive a discount to acknowledge their limited value from APTA's U.S.-based advocacy initiatives. Dues for bus-only Canadian transit systems are based on the rate of \$20.08 per licensed bus with a minimum of \$112 (in U.S. funds).

Canadian Transit Systems, Bus Only

\$20.08 Per Licensed Bus

Minimum \$112 U.S. Funds

Definition

Operating expenses, including paratransit, include all costs and expenses paid or accrued in operating, maintaining, and/or managing or supervising transit operations, excluding any provision of payment for depreciation or replacement reserves or funds. Excluded are interest and principal payments or accruals on any form of debt assumed or incurred in the acquisition, construction, extension, improvement, modification or replacement of any transit system equipment or appurtenances thereto, and federal, state, or local income taxes paid or accrued on any and all transit operations. Transit agencies are persons, firms, or corporations, trustees or receivers, municipal or other government agencies operating any form of organized public transit system within the boundaries of the U.S. and its territories and possessions, Canada, Mexico, and the Commonwealth of Puerto Rico.

CATEGORY B: Transit Management Companies (TMCs)

TMCs that operate one to five transit systems pay a base rate of \$1,210. TMCs that operate more than five systems pay an additional \$103 per system. TMCs that also conduct consulting activities pay additional dues based on the Business Member schedule for this revenue.

Definition

APTA defines a TMC as a for-profit entity that provides professional management services to public transit systems within the same boundaries as a U.S. or Canadian system, provided the TMC shall not take the place of the public transit system membership.

CATEGORY C: Business Members

Business members pay dues based on the annual gross transit sales or billings in North America for their most recent completed year. This includes all goods and services, both direct and indirect, produced in or bound for North America. (APTA provides discounted rates for Disadvantaged Business Enterprises, Woman-Owned Business Enterprises, and Minority Business Enterprises. See details on the next page.)

Definition

APTA defines business members as manufacturers/suppliers, consulting companies, contractors, and other entities that supply goods and services to the public transportation industry, provide professional consultation services, or engage in the construction of transit facilities. Gross sales are defined as the total dollar sales in the public transportation industry—not gross sales associated with a company’s other activities.

 Please contact APTA’s Membership Department at 202-496-4822/496-4837 or membership@apta.com for assistance.

Disadvantaged Business Enterprises (DBE)

APTA discounts dues for certified DBEs to acknowledge the rigorous DBE certification process and support and recognize the value of these organizations to the public transportation industry. To qualify for this discount, APTA requires organizations to certify their DBE status by providing annual proof of their certification during the dues renewal cycle.

DBEs reporting annual gross transit sales of \$500,000 or less:

Years One to Three of APTA Membership	\$600
Years Four-Plus of APTA Membership	\$1,200

DBEs reporting annual gross transit sales between \$500,001-\$2.5 million:

Dues calculated at 75 percent of business member dues

DBEs reporting annual gross transit sales greater than \$2.5 million:

Dues calculated at 100 percent of business member dues

Woman-Owned Business Enterprises (WBE), Minority Business Enterprises (MBE)

APTA also discounts dues for these members based on their annual transit sales. To qualify for this discount, APTA requires organizations to certify their status by providing annual proof of their certification during the dues renewal cycle.

WBEs, MBEs reporting annual gross transit sales of \$2.5 million or less:

Dues calculated at 75 percent of business member dues

WBEs, MBEs reporting annual gross transit sales greater than \$2.5 million:

Dues calculated at 100 percent of business member dues

CATEGORY D: Government Agencies

APTA bases these dues on the population of the area the organization serves. In the case of state departments of transportation, the population of the service area equals the population of the state.

Population	Dues
Fewer than 1,000,000	\$1,084
1,000,001-3,500,000	\$1,425
3,500,001-6,000,000	\$2,791
6,000,001-10,000,000	\$4,343
10,000,001 and greater	\$5,772

Definition

These organizations include state departments of transportation that do not operate transit services, metropolitan planning organizations, and local or regional levels of government that plan and/or develop public transit systems. State department of transportation members that operate transit systems pay dues based on the Transit System Dues Schedule.
