The agreement also directs the FAA to complete implementation of a single NOTAM system as soon as possible and take the necessary steps to implement phase 2 prior to 2027.

High growth, multiuse airports.—The agreement modifies the directive in House Report 118–154 to also direct the FAA to prioritize for expedited review and approval applications for new air traffic control towers where a mobile air traffic control tower currently exists.

Airport ground surveillance portfolio.—The agreement directs the FAA to provide the briefing required by Senate Report 118–70 under this heading and amends the directive under the same header in House Report 118–154 to instead provide a briefing. The agreement also provides an increase of \$15,000,000 above the request. Of this increase, \$10,000,000 shall be to deploy

the display of airport surface traffic to air traffic controllers in towers at airports that do not currently have a surface surveillance system. The program will identify commercially available solutions to be placed on a qualified product list. This increase also includes \$5,000,000 to accelerate the deployment of runway incursion devices that provide a visual and aural alert to controllers when a runway is not available for departing or landing aircraft.

Major capital programs.—The agreement directs the FAA to notify the House and Senate Committees on Appropriations within 30 business days of the Joint Resources Council establishing a baseline for previously approved projects or making acquisition program baseline changes that alter program performance, cost, or schedule baseline.

Should HUD determine that a subsequent draft solicitation that is not substantially equivalent to the July 27, 2022 draft solicitation is not feasible, the agreement directs HUD to include a legislative proposal as part of the fiscal year 2025 budget request with detailed analysis for why such changes are needed in order to avoid a disruption in PBCA activities. If HUD determines that a legislative proposal is necessary, HUD is directed to work with relevant stakeholders to ensure any potential legislative proposal results in effective and efficient oversight and monitoring of the PBRA program, quality services offered to property owners in each state, and maintains safe, stable, and affordable housing for the over 1,300,000 households living in PBRA properties across the country. The agreement recognizes that HUD faces a complicated task of developing new PBCA arrangements before the existing agreements expire and expects the Department to liaise with the House and Senate Committees on Appropriations, the House Committee on Financial Services, and the Senate Committee on Banking, Housing, and Urban Affairs on any necessary changes.

Non-personnel expenses.—The agreement notes the important role the Government National Mortgage Association [GNMA] plays in the U.S. mortgage market and global economy and the resources needed to support this work, particularly during times of budgetary uncertainties. However, the agreement notes its expressed concern about the GNMA's understanding of its resource needs as operational changes emerge. The agreement directs the GNMA to continue to consult and confer with the appropriations attorneys in the OCFO and to refer all appropriations law issues to such attorneys within the OCFO. These appropriations law staff routinely provide prompt, accurate, and reliable information on various appropriations law matters, including training HUD staff in funds control procedures and directives, as required by section 215 of this act. The agreement reiterates that all communications regarding budget and appropriations issues should be conducted through proper official channels, consistent with the Office of Management and Budget guidance and 18 U.S.C. 1913. The agreement also directs the GNMA to submit quarterly reports to the House and Senate Committees on Appropriations on the status of all non-personnel expenses, including travel, training, conferences, contracts and supplies, and how it is using carryover balances of contingent spending authority from offsetting collections.
