Overview

The Coronavirus Disease 2019 (COVID-19) public health emergency has significantly impacted public transportation operations throughout the Nation. As communities recover from COVID-19, transit agencies are implementing new and enhanced measures to ensure the safety of their employees and passengers and increase public confidence in transit, including enhanced cleaning and disinfection, personal protective equipment (PPE) and face coverings, and social distancing.

The American Public Transportation Association (APTA) and the Community Transportation Association of America (CTAA) are committed to helping the U.S. public transportation industry recover and become even stronger than before. The COVID-19 Vendor List for Transit includes information on vendors and products that transit agencies may use in their COVID-19 response and recovery efforts.

This Vendor List is provided to align with Centers for Disease Control and Prevention (CDC), local, and state governmental recommendations and requirements for reducing the risks to passengers and employees related to COVID-19 and is not provided as an endorsement of a particular product or vendor by APTA or CTAA.

Products are organized under the following categories:

- Barriers, Shields and Protective Guards
- Chemical Disinfectants
- COVID-19 Testing Kits
- Face Coverings and Dispensers
- Face Shields
- Gloves and Dispensers
- Hand Sanitizer, Sanitizing Wipes and Dispensers
- Signs, Stickers and Floor Decals
- Thermometers

To Be Added to the COVID-19 Vendor List

If you are a vendor that would like to be added to this list, or if you are a State or transit agency with a recommendation, please send an email to Mr. Brian Alberts, APTA’s Director of Safety (BAlberts@apta.com) or Ms. Loreal Lance, CTAA’s Membership and Business Development Director (lance@ctaa.org).

Updates to this list will be posted bi-weekly.
Barriers, Shields and Protective Guards

In response to recommendations from the Centers for Disease Control and Prevention (CDC), transit agencies are using physical barriers, such as acrylic protection shields, polycarbonate protection guards, vinyl strip curtains, and other impermeable dividers or partitions, to enforce physical distance and protect employees who come into contact with passengers or other employees.

Sources

- Local hardware stores, construction companies and commercial glass and mirror shops may be able to source acrylic, polycarbonate and/or vinyl sheets in sufficient volume for the transit agency. The North American Retail Hardware Association maintains information on local resources.
- Maintenance teams at the transit agency may be able to fabricate barriers to enclose the operator’s compartment on buses and to support separation in facilities and stations.
- Vendors can also custom cut or manufacture materials to support barrier installation.
- **Vendors that supply barrier plastics and related products include:**
  - ABC Companies contact partitions and passenger shields
  - ACME Plastics.com acrylic and polycarbonate barriers pre-cut and cut-to-size
  - ArowGuard Driver Protection System
  - Avant Guards Manufacturing social distancing dividers
  - Bombardier Transportation (contact company for more information)
  - Busstuf (contact company for more information)
  - Creative Bus Sales driver protection system
  - Curbell Plastics acrylic, polycarbonate and vinyl sheets pre-cut and cut-to-size
  - Dynatect Polycarbonate COVID-19 Guard
  - Enclosure Guy vinyl barriers
  - Enertec Rail Equipment (contact company for more information)
  - ePlastics acrylic pre-cut sheets
  - Fleet Maintenance Specialists, Inc. operator shields and barriers
  - Freedman Seating passenger sneeze guards
  - Grainger acrylic and polycarbonate barriers and traffic delineator posts and channelizer cones
  - Graffiti Shield Inc. barriers, shields and films
  - Graphic Printworks acrylic safety barriers and social distancing products
- Grip Lock acrylic and polycarbonate plastic shields and cable suspension systems
- International Name Plate Solutions acrylic counter guards
- Lark International Inc. vinyl sheets for structural enclosures
- Mancon LLC (contact company for more information)
- NFI Parts Clean and Protect Driver Protection Systems and retractable belt partition
- Prelco Inc. (contact company for more information)
- Professional Plastics plexiglass and acrylic sheets
- Oakhurst Signs acrylic sneeze guards permanent and portable
- Regal Plastics acrylic barriers pre-cut and cut-to-size
- Royersford Spring (contact company for more information)
- Shop POP Displays acrylic barriers pre-cut and cut-to-size
- Vapor Bus International operator shields and doors
- Visiontron Guides guards and barriers

Additional Information

Chemical Disinfectants

The virus that causes COVID-19, SARS-CoV-2, can be killed with disinfectant products. The CDC recommends only using disinfectant products on List N of registrants compiled by the Environment Protection Agency (EPA).

Sources

- The American Chemistry Council’s (ACC) has compiled a list of store-brand products associated with the EPA’s List N to help the public identify suitable products for their needs.
- Supply companies already used by the transit agency, such as janitorial service, construction suppliers, etc. may have access to these chemical disinfectants.
- State epidemiologists and local public health agencies may provide advice and recommendations on products to use and sources for disinfectants for transit-specific circumstances and conditions.
- Local associations or other groups, such as a Chamber of Commerce, may pool several businesses’ supply needs into a larger order.
- Vendors that supply disinfectant products on the EPA’s List N for commercial and industrial applications like public transportation include:
  - AeroClave Vital Oxide disinfectant
  - Aramso disinfectant concentrates and sprays
  - Canberra disinfectant concentrates and sprays
  - CloroxPro disinfectant concentrates, sprays and dispensers
  - Conlon disinfectant concentrates, sprays and dispensers
  - CRC cable disinfectant and cleaner
  - Creative Bus Sales vehicle decontamination system
  - CURIS decontamination fogging system
  - Direct Supply disinfectant concentrates, sprays and dispensers
  - Dobmeier Janitorial Supplies disinfectant concentrates, sprays and dispensers
  - Environ disinfectant concentrate
  - EvaClean cordless electrostatic sprayer
  - Extreme Mist portable sanitizing equipment and disinfectant
  - Ferguson disinfectant concentrates and sprays
  - Fisher Scientific disinfectant concentrates, sprays and dispensers
  - GOJO disinfectant concentrates, sprays and dispensers
  - Grainger disinfectant concentrates, sprays, aerosols and dispensers
  - Home Depot disinfectant concentrates
  - JaniSource disinfectant wipes and concentrates
  - Liberty disinfectant concentrates
- Medline Industries disinfectant wipes, sprays and concentrates
- Microban antibacterial sprays and cleaners
- MIDLAB disinfectant concentrates, sprays and dispensers
- Oxivir disinfectant wipes, concentrates, and sprays
- Precision Company disinfectant concentrates
- Pharmacal Research Laboratories disinfectant concentrates and sprays
- Rochester Midland Corporation disinfectant concentrates
- SafeTec disinfectant wipes and sprays
- Spartan Chemical disinfectant concentrates, sprays and wipes
- The Supply Room disinfectant concentrates, mixers and dispensers
- VitalOxide electrostatic sprayer
- VWR disinfectant concentrates and sprays
- ZEP disinfectant concentrates, wipes, sprays and foams

• The CDC notes that if disinfectants on List N are in short supply, alternative disinfectants can be used (for example, 1/3 cup of bleach added to 1 gallon of water, or 70% alcohol solutions).

**Additional Information**

COVID-19 Testing Kits

Transit agencies are setting up COVID-19 testing sites for their employees, often in partnership with urgent care facilities, diagnostic laboratories and non-profit medical groups.

Sources

Vendors that supply COVID-19 testing kits include:
- Aria Diagnostics
- Confirm BioSciences
- LabCorp
- Kikme LLC
- Mimish Design
- Miradx
- Quest Diagnostics
- Rapid Reliable Testing
- SEMA4
- SoftCell Laboratories

Additional Information

Face Coverings and Dispensers

The CDC recommends that people wear a cloth face covering or face mask while in public spaces. Wearing a covering can reduce the chance of spreading the virus.

Sources

- Supply companies already used by the transit agency, such as janitorial service, construction suppliers, etc.
- Local janitorial, construction, uniform, or restaurant suppliers
- Local associations or other groups, such as a Chamber of Commerce, may pool several businesses’ supply needs into a larger order
- Local restaurants, grocery stores, doctor’s offices, or other essential businesses may be willing to order from their suppliers on a transit agency’s behalf
- Vendors working with the Department of Health and Human Services (HHS), the Federal Emergency Management Agency (FEMA), and State and Local Governments to provide cloth face coverings include:
  - American Giant
  - American Knits
  - Beverly Knits
  - Buck Mason
  - Custom Ink
  - Parkdale Advanced Materials
  - San Mar Corporation
- Vendors that provide disposable face masks for essential services include:
  - BYD KN95 masks
  - BYD disposable face masks
  - CAP America disposable face masks
  - Fastenal disposable face masks
  - Fisher Scientific disposable face masks
  - Freedman Seating (contact company for more information)
  - Global Industrial KN95 and disposable face masks
  - Grainger N95 and disposable face masks
  - Henry Schein Medical disposable face masks
  - Mancon LLC (contact company for more information)
  - Medline Industries disposable face masks
  - NFI Parts individually wrapped face masks
  - Pacific Bridge Products disposable face masks
- PlastCare disposable face masks
- SaniPackz disposable face masks
- United Safety and Survivability respirator, 3-pleat, and N95 masks
- Wow Brand Products disposable face masks

- **Vendors that provide reusable face masks for essential services include:**
  - Cubic reusable face coverings
  - DynaTect cloth face masks

- **Vendors that provide face mask dispensers include:**
  - Bowman face mask dispensers
  - Display2Go face mask dispensers
  - Medline Industries face mask dispensers
  - NFI Parts universal mask dispenser
  - Terra Universal face mask dispensers
  - United Safety and Survivability mask box holder
  - Universal Medical, Inc. face mask dispensers

**Additional information**

Face Shields

Face shields provide barrier protection to the eyes, nose and lips from sprayed liquid particles and can be wiped clean for safe reuse. Face shields also make it more difficult to touch the face and eyes and easier to maintain hygiene. Face shields are available in both disposable and reusable options.

Sources

- Local manufacturing businesses may have retooled to produce face shields.
- Local restaurants, grocery stores, doctor’s offices, or other essential businesses may be willing to order from their suppliers on a transit agency’s behalf
- Vendors of face shields include:
  - Barber Packaging Company face shields
  - Clear-Vu Medical Face Shields
  - Cubic general purpose shields with plastic visor
  - Disc Makers face shields
  - EDM Face Shields
  - Fictiv face shields
  - Fisher Scientific face shields
  - Graffiti Shield Inc. face shields
  - Inkonit face shields
  - International Name Plate Solutions face shields
  - Mancon LLC (contact company for more information)
  - Paulson Manufacturing face shields
  - Primera Medical Supplies, Inc.
  - ProKnee face shields
  - United Safety and Survivability Corporation face shields

Additional Information

Gloves and Dispensers

Disposable latex, nitrile, or other non-porous gloves can reduce the chance of spreading the virus through touch.

Sources

- Supply companies already used by the transit agency, such as janitorial service, construction suppliers, etc.
- Local associations or other groups, such as a Chamber of Commerce, may pool several businesses’ supply needs into a larger order
- Local restaurants, grocery stores, doctor’s offices, or other essential businesses may be willing to order from their suppliers on a transit agency’s behalf
- **Vendors of gloves include:**
  - Ambitex nitrile disposable gloves
  - Fisher Scientific nitrile and latex disposable gloves
  - Grainger nitrile and latex disposable gloves
  - LifeStar microflex extended length nitrile disposable gloves
  - Mancon LLC (contact company for more information)
  - MSC disposable gloves
  - NFI Parts nitrile gloves
  - PlastCareUSA nitrile disposable gloves
  - The Supply Room nitrile and latex disposable gloves
  - Uline nitrile disposable gloves
  - VWR nitrile and latex disposable gloves
  - Wrist-Band.com nitrile and latex disposable gloves
- **Vendors of glove dispensers include:**
  - Display2Go disposable glove dispensers
  - Liberty disposable glove dispensers
  - Uline disposable glove dispensers

Additional Information

Hand Sanitizer, Sanitizing Wipes and Dispensers

In response to CDC recommendations, transit agencies are placing alcohol-based hand sanitizers containing at least 60% alcohol on transit vehicles and in transit stations to promote hand hygiene in situations where passengers and employees do not have the opportunity to wash their hands with soap and water.

Sources

- Supply companies already used by the transit agency, such as janitorial service, construction suppliers, etc.
- Local associations or other groups, such as a Chamber of Commerce, may pool several businesses’ supply needs into a larger order
- Local restaurants, grocery stores, doctor’s offices, or other essential businesses may be willing to order from their suppliers on a transit agency’s behalf
- U.S.-based distillers are now manufacturing hand sanitizer to support their local communities. Additional information is available here: [https://www.distilledspirits.org/](https://www.distilledspirits.org/).

- **Vendors of hand sanitizer include:**
  - ABC Companies (contact company for more information)
  - BYD hand sanitizer
  - Distillery Trail hand sanitizer
  - Fisher Scientific hand sanitizer
  - GOJO hand sanitizer
  - Gold Eagle Company hand sanitizer
  - Grainger hand sanitizer
  - LBR8 Supply hand sanitizer
  - Mancon LLC (contact company for more information)
  - Pacific Bridge Products hand sanitizer
  - QuaranClean hand sanitizer
  - Safeguard hand sanitizer
  - Sanipackz hand sanitizer
  - Santotizer hand sanitizer
  - Wasserstrom hand sanitizer
  - Wow Brand Products hand sanitizer
  - Wrist-Band.com hand sanitizer

- **Vendors of hand sanitizer dispensers include:**
  - ABC Companies (contact company for more information)
  - Care Prestwick sanitation dispensers and displays
  - Fisher Scientific hand sanitizer dispensers
  - Mancon LLC (contact company for more information)
  - MSC Direct hand sanitizer dispensers
  - NFI Parts (contact company for more information)
  - Sanipackz hand sanitizer dispensers
o Uline hand sanitizer dispensers
o VWR hand sanitizer dispensers
o Web Restaurant Store hand sanitizer dispensers
o Wrist-Band.com hand sanitizer dispensers

• **Vendors for hand sanitizing wipes include:**
  o AAA Wholesale Company hand sanitizing wipes
  o DS Oil Services (contact company for more information)
  o JPCCatalog.com hand sanitizing wipes
  o McKesson hand sanitizing wipes
  o PDI hand sanitizing wipes
  o Uline hand sanitizing wipes

• **Vendors for hand sanitizing wipes dispensers include:**
  o NFI Parts universal wall mount for wipes

**Additional Information**

Signs, Stickers and Floor Decals

The CDC recommends that people maintain at least six feet of separation. Physical separation, also known as physical distancing, reduces the risk of airborne transmission of the virus. Signs, stickers and decals help remind transit passengers and employees to maintain physical distance.

Sources

- Supply companies already used by the transit agency, such as janitorial service, construction suppliers, etc.
- Local sign or print shops
- Local associations or other groups, such as a Chamber of Commerce, may pool several businesses’ supply needs into a larger order
- National or non-local or print shops
- Directories available:
  - International Sign Association
  - Midwest Sign Association
  - California Sign Association
- Vendors include:
  - ABC Companies vertical social distancing bands
  - ARC COVID-19 graphics, decals and signs
  - Friedman Social Distance Seat Bands
  - Graffiti Shield Inc. floor decals
  - Graphik Printworks floor decals and custom signs
  - Grainger floor markings and signs
  - Imbranded floor decals and signs
  - International Name Plate Solutions floor and sidewalk graphics
  - Jukebox Print floor decals
  - NFI Parts COVID-19 decals
  - Oakhurst Signs floor decals
  - SafetySign.com signs
  - Saturn Printing signs and floor decals
  - Seifert Graphics, Inc. signs and floor decals
  - Signs.com signs and floor decals
  - SquareSigns floor decals
  - United Safety & Survivability Corporation seat signs
Additional Information

- CDC has published [print resources](#) and a [social media kit](#) to help agencies communicate critical social distancing, hygiene and other COVID-19 health and safety messages.
Thermometers

Given the scope and severity of the COVID-19 pandemic, the Equal Employment Opportunity Commission – the agency tasked with enforcing the Americans with Disabilities Act – has stated that employee temperature checks are valid and appropriate. The CDC also recommends routine temperature checks as an important way to monitor employee health.

Sources

- **Vendors include:**
  - BYD no-contact forehead thermometers
  - Eways Aviation no-contact infrared thermometers
  - Grainger no-contact infrared thermometers
  - Mancon LLC (contact company for more information)
  - Temp-n-Toss disposable thermometers
  - T-equipment no-contact infrared thermometers
  - ThermoWorks no-contact infrared thermometers
  - Wrist-Band.com no-contact infrared thermometers
  - Zonar Systems Parsons DetectWise (contact company for more information)
  - Zumm no-contact infrared thermometers
