Railroad Crossing Elimination Program Overview

Railroad Crossing Elimination – Program Overview

PROGRAM PURPOSE

- To fund highway-rail or pathway-rail grade crossing improvement projects that focus on **improving the safety and mobility of people and goods.**

Notice of Funding Opportunity (NOFO)

- Published in the Federal Register on July 6, 2022
 - \$573 million available
 - Applications due by 5pm EST on October 4, 2022
- Please read this NOFO carefully and follow all instructions for completing and submitting your application.
- Applications that are incomplete or received after the deadline will not be considered for funding. There are no exceptions.

CRISI: Consolidated Rail Infrastructure and Safety Improvements Grant Program

RAISE: Rebuilding American Infrastructure with Sustainability and Equity Grants

Program Purpose and Funding Overview

Planning

- Not less than 3% of total funding (\$18,000,000) is for planning projects.
 - Not less than 25% of these funds (\$4,500,000) is for planning projects in rural areas or on Tribal lands.

Crossing Safety Information and Education Program

- At least \$1,500,000 will be made available for highway-rail grade crossing safety information and education programs

Rural and Tribal Set Aside

- Not less than 20% of total funding (\$114,652,800) is reserved for projects located in rural areas or on Tribal lands.
 - Not less than 5% of these funds (\$5,732,640) are reserved for projects in counties with 20 or fewer residents per square mile.

Grant Conditions

- No grant awarded shall be smaller than \$1M, except for planning grants.

State Limitation

- No more than 20% of total funding (\$114,652,800) in any fiscal year may be selected for projects in a single State.

Railroad Crossing Elimination – Program Conditions

Differences with other FRA Programs

Benefit-Cost Analysis (BCA)

- BCAs are not required, although applicants must at the very least provide sufficient qualitative information on the project's benefits for FRA to evaluate.
- Note that applicants would need to provide a BCA if interested in applying for CRISI for the same project.

Pre-Award Costs

- Applicants may count costs incurred for preliminary engineering associated with an eligible project if such costs were incurred before project selection for award and no earlier than Nov. 15, 2021 (date of BIL enactment). These costs must also be compliant with 2 CFR part 200 and RCE requirements.

Commuter Rail Projects

- Commuter rail passenger transportation projects are eligible, but commuter rail authorities are not.
- Selected projects must be transferred to FTA to administer.

Key Program Definitions

Grade Separation or Closure

- An underpass or overpass to eliminate level crossings between railroad and highway users at an existing highway-rail or pathway-rail grade crossing.
- The closing of a highway-rail grade crossing to vehicular or pedestrian traffic.

Improvement Project

- A project related to an existing highway or pathway-rail crossing including:
 - installation, repair, or improvement of crossings, grade separations, railroad crossing signals, gates, bells, audible warning devices and related technologies;
 - highway traffic signalization, lighting, crossing approach signage, and roadway improvements such as medians or other barriers;
 - pathway improvements such as bollards; railroad crossing panels and surfaces; and other safety engineering improvements, or highway-rail programs to reduce risk.

Railroad Crossing Elimination – Eligible Applicants

ELIGIBLE APPLICANTS

- States, including the District of Columbia, Puerto Rico, and other U.S. territories and possessions.
- Political subdivision of a State.
- Federally recognized Indian Tribe.
- A unit of local government or a group of local governments.
- A public port authority.
- A metropolitan planning organization.
- A group of the entities described above.

Railroad Crossing Elimination – Eligible Projects

ELIGIBLE PROJECT CRITERIA

- **Grade separation or closure** including through-use of a bridge, embankment, tunnel or combination thereof.
- Track relocation.
- Improvement or installation of protective devices, signals, signs, or other measures to improve safety, **provided that such activities are related to** a separation, or relocation project.
- Other means to improve the safety and mobility of people and goods at highway-rail grade crossings (including technological solutions).
- A group of related projects, described above, that would collectively improve the mobility of people and goods.
- The planning, environmental review, and design of an eligible project type.

Evaluation and Selection Criteria

EVALUATION CRITERIA

Technical Merit:

- Quality of statement of work and application materials
- readiness and completion of prerequisites
- applicant past performance, technical capacity, and financial contributions
- private-sector participation
- qualifications and experience of key personnel and organizations
- consistency with planning documents

Project Benefits:

- improvements to safety at highway-rail or pathway rail grade crossings
- proposals to grade separate, eliminate, or close one or more highway-rail/pathway rail grade crossings
- improvements to the mobility of both people and goods
- reductions in emissions, protects the environment and provides community benefits
- improvements to access emergency services
- improvements to access communities; economic benefits
- contracting incentives to employ local labor, to the extent permissible under Federal law

Railroad Crossing Elimination – Selection Criteria

DEPARTMENTAL GOALS

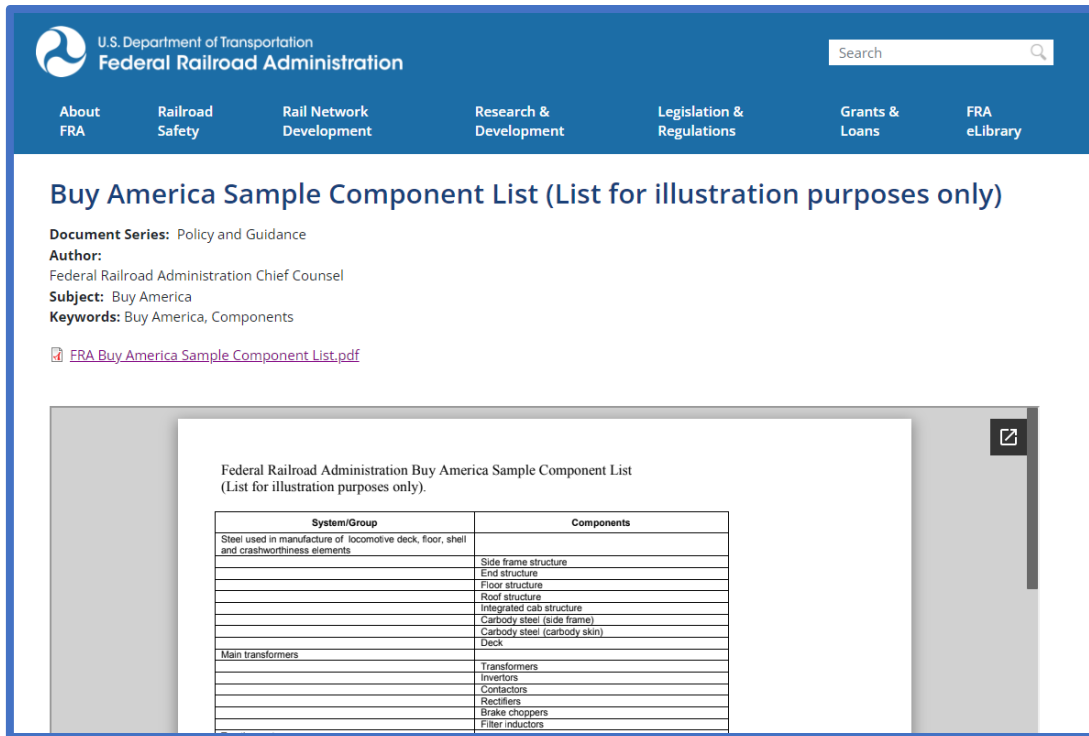

- Safety
 - Applicants are strongly encouraged to submit safety justifications for a project that relies on standardized, objective safety metrics and data, if available, including data from sources such as: GradeDec.Net; National Risk Index; safety metrics found in Appendix D of 49 C.F.R. Part 222; the FRA crossing incident dashboard (FRA Safety Data & Reporting | dot.gov); or other relevant safety data or metrics.
- Equitable Economic Strength and Improving Core Assets
- Equity and Barriers to Opportunity
- Climate Change and Sustainability
- Transformation of Our Nation's Transportation Infrastructure

Program Preference

- Grade separations, closing crossings through track relocation, and corridor-wide grade crossing improvements

FRA Buy America

FRA Buy America includes **new** requirements enacted by the **Build America, Buy America (BABA) Act**

The screenshot shows the FRA website's 'Buy America Sample Component List' page. It includes a header with the U.S. Department of Transportation Federal Railroad Administration logo and navigation links. The main content area features a document series title, author, subject, and keywords. Below this is a link to the PDF document. The PDF preview shows a table with two columns: 'System/Group' and 'Components'.

System/Group	Components

	Rectifiers
	Brake choppers
	Filter inductors

<https://railroads.dot.gov/legislation-regulations/buy-america/buy-america>

For FRA-funded Projects - the steel, iron, construction materials, and manufactured goods used in the project must be produced in the United States

FRA Buy America applies to materials purchased with FRA funds and with non-Federal funds

Consider FRA Buy America requirements in project planning, design, and budget

Include FRA Buy America requirements in all procurement documents and obtain any necessary certifications to document compliance

Waivers are granted only in limited circumstances and can result in significant delay

Notice of Funding Opportunity for the Railroad Crossing Elimination Program

A Notice by the Federal Railroad Administration on 07/06/2022

PUBLISHED DOCUMENT

AGENCY:

Federal Railroad Administration (FRA), Department of Transportation (DOT)

ACTION:

Notice of funding opportunity.

SUMMARY:

This notice details the application requirements and procedures to obtain grant funding for eligible projects under the Railroad Crossing Elimination Program for Fiscal Year 2022. This notice solicits applications for the Railroad Crossing Elimination Program funds made available by the Infrastructure Investment and Jobs Act. The opportunity described in this notice is made available under

Assistance Listings Number 20.327, "Railroad Crossing Elimination."

DATES:

Applications for funding under this solicitation are due no later than 5:00 p.m. ET, October 4, 2022. Applications that are incomplete or received after 5:00 p.m. ET, on October 4, 2022 will not be considered for funding. Estimated Total Program Funding: \$573,264,000

Award Ceiling: \$573,264,000

Award Floor: \$0

How Do I Apply?

KEY STEPS

- Obtain a Unique Entity Identifier (UEI)
- **Register early** in the Federal government's System for Award Management (SAM)
 - **NOTE: SAM registration can take up to 2 weeks (longer if you do not have an Employer Identification Number)**
- For Grants.gov, complete an **Authorized Organization Representative** profile and create a username and password
- Submit an application addressing all requirements outlined in the NOFO

What Do I Include in My Application?

REQUIRED DOCUMENTS

- Project Narrative
- Statement of Work
- Environmental Compliance (NEPA) Documentation
 - *Note: The Applicant may include a draft document that will require development, review, and approval by FRA, or an existing completed NEPA document approved by FRA or another Federal agency that covers the proposed project scope*
- Draft Use/Ownership Agreement (*if applicable*)
 - *Note: FRA requires a written agreement exist between the applicant and the railroad regarding use and ownership consistent with 49 U.S.C. 22905(c)(1) for projects using rights-of-way owned by a railroad that is not the applicant*

What Forms are Required?

REQUIRED FORMS

- SF424 (Application for Federal Assistance)
 - *Either*: SF 424A or 424C – Budget info for Non-Construction OR Construction
 - *Either*: SF 424B or 424D – Assurances for Non-Construction OR for Construction
- FRA's Additional Assurances and Certifications (FRA F 30)
- FRA's Applicant Financial Capability Questionnaire (FRA F 251)
- SF LLL: Disclosure of Lobbying Activities (only required if reportable Lobbying activities exist)

Where Do I Find Additional Information and Help?

Application Review and Selection Process

1. Intake and Eligibility

Each application is reviewed for completeness and eligibility to determine which applications move to the evaluation stage

2. Evaluation

Each complete and eligible application is evaluated by a panel of DOT subject matter experts using criteria outlined in the NOFO

3. Selection

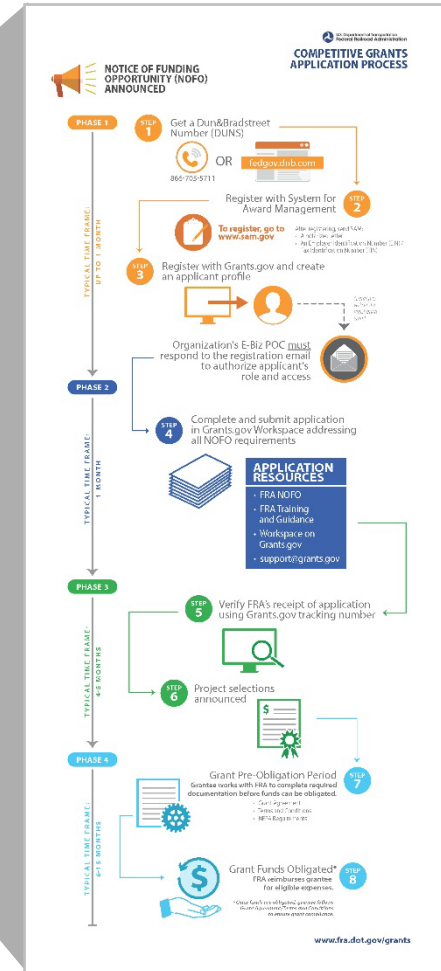

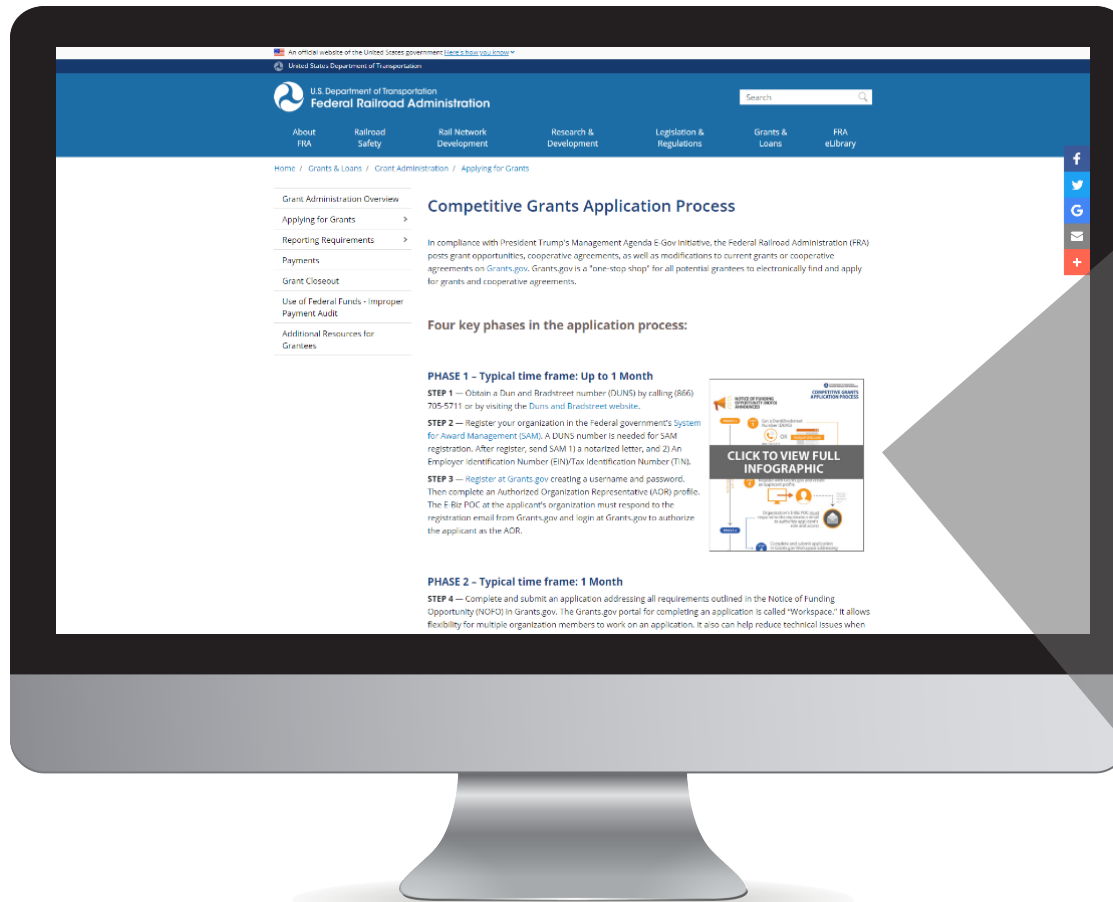

Final funding decisions are made by taking into account the evaluation and selection criteria outlined in the NOFO

4. Announcement

FRA press release announces selections approximately 4 to 5 months following application due date

Best Practices

Best Practices and Helpful Hints

- ☑ Read the Notice of Funding Opportunity (NOFO) completely and carefully to understand the criteria for eligibility and selection, and what information each application must include
- ☑ FRA has identified several focus areas where applications that are not selected often demonstrate deficiencies:
 - Project Narrative
 - Statement of Work
 - Environmental Readiness

Statements of Work

This section provides templates for developing a Statement of Work (SOW). In essence, the SOW is a description of the work that will be completed under the grant agreement. Drafting the SOW is a key step toward receiving a grant award.

These templates are intended to assist grantees in drafting an SOW for each application selected by FRA to receive funding. The development of an SOW should be a highly collaborative process between the grantee and FRA. As such, grantees will work with FRA to create an approved SOW.

Please note: all deliverables listed in the SOW are subject to FRA approval and will require significant FRA input. Grantees should plan to work with FRA to ensure deliverables will meet all requirements.

For helpful hints on drafting an SOW, please refer to the SOW Guidance link below. This document describes how FRA uses an SOW during the grant administration phase, key items to include when drafting an SOW, and formatting guidelines. Grantees should use this guidance as a reference when drafting an SOW, but should continue to work with FRA for further guidance.

If you have questions regarding how to begin drafting your SOW, please contact your FRA Regional or Project Manager.

Best Practices – Statement of Work

- ✓ Organize the scope of work into discrete and logically sequenced tasks
- ✓ Provide appropriate timing for tasks
- ✓ Identify the deliverables required to communicate progress and completion of tasks to FRA
- ✓ Check the budget to ensure numbers are consistent with cost information submitted in forms and other areas of the application

I. DELIVERABLES AND APPROVED PROJECT SCHEDULE

Instructions: The "Project Schedule and Deliverables" section outlines the Project Performance Period for the Agreement and provides a concise table listing all of the deliverables required for the applicable tasks covered under the Agreement and their submission due date to FRA. The Grantee must list every deliverable required for each applicable task, as well as any other deliverables FRA may require. Use the guidance below to develop this section.

The deliverables associated with this Agreement are listed below. The Grantee must complete these deliverables to FRA's satisfaction to be authorized for funding reimbursement and for the Project to be considered complete.

Unless otherwise approved, requests for extensions of the Project Performance Period must be submitted not later than 90 days before the end of the Project Performance Period, consistent with Section 4(b) of Attachment 1.

I. APPROVED PROJECT BUDGET

Instructions: The "Approved Project Budget" section outlines the initial cost estimate for the project by task and by funding source. Both methods are required and necessary to access project costs. The "funding source" budget should list all funding sources contributing to the project (e.g. the FRA grant subject to this SOW, other FRA or Federal grants, the grantee's contribution, and contributions from all other project partners). Use the text and table below to develop this section.

The total estimated cost of the Project is \$(amount), for which the FRA grant will contribute up to [percent amount] % of the total Project cost, not to exceed \$(amount). The Grantee's Non-Federal Contribution is comprised of [cash contributions only/cash in the amount of \$XX and [insert description of in-kind contribution] valued at \$XX]. Any additional expense required beyond that provided in this Agreement to complete the Project will be borne by the Grantee.

I. PERFORMANCE MEASUREMENTS

The table below contains the performance measures that this Project is expected to achieve. These performance measures will enable FRA to assess Grantee's progress in achieving strategic goals and objectives. The Grantee will report on these performance measures per the frequency and duration specified in the table.

Upon Project completion, Grantee will submit reports comparing the Actual Project Performance of the new and or improved asset(s) against the Pre-Project (Baseline) Performance and Expected Post-Project Performance as described in Table 1 below. Grantee need not include any analysis in addition to the described data; however, Grantee is welcome to provide information explaining the reported data. Grantee will submit the performance measures report to the Regional Manager in accordance with Table 1 below.

Best Practices – Environmental Readiness

Environmental Readiness - NEPA

Environmental review is required for all FRA grant-funded projects, including:

- National Environmental Policy Act (NEPA)
- National Historic Preservation Act (NHPA) Section 106
- Section 4(f)
- Endangered Species Act (ESA) Section 7
- Environmental Justice
- Others, as applicable

Environmental Readiness - NEPA

- FRA reviewers will determine environmental readiness based only on the information provided with the application.
- Provide as much known project information/documentation as possible in the grant application:
 - Project Description
 - Location
 - Project planning done to date
 - Past/present environmental studies (e.g., NEPA documentation)
 - Past or anticipated public outreach or agency meetings
 - Anticipated environmental impacts
 - Anticipated local/state/federal permits and/or coordination/consultation

Environmental Readiness - NEPA

- Consider providing a draft categorical exclusion (CE) with your grant application
- If unable to complete a draft CE worksheet, FRA recommends, at a minimum, identifying the anticipated CE category that the project may fall under (FRA's CEs are found at [23 CFR 771.116](#))
- For certain proposals not requiring ground disturbance (e.g. training and research) simplified CE documentation may be considered

Environmental Readiness - NEPA

- *If your project does not fit clearly within a CE category, an EA or EIS might be needed depending on potential for significant environmental impacts.*
- FRA will make the final class of action determination. We can provide assistance to grantees on determining NEPA class of action – **contact our experts** at FRAenvironment@dot.gov

Additional Resources

FRA Blocked Crossing Portal

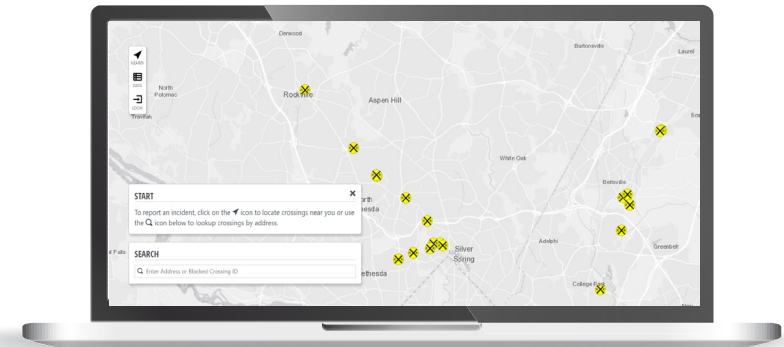

- Blocked crossings pose potential safety risks, specifically in locations where trains routinely hinder roadway and pedestrian movement for extended periods.
- To address this potential safety risk, FRA established the Blocked Crossing Portal in 2019.
- Portal requests specific information from users reporting blocked crossings—including **date**, **time**, **location** and **duration that crossing is blocked**.

- Report a Blocked Crossing:

<http://www.fra.dot.gov/blockedcrossings>

- Provide Feedback on the Portal:

<https://www.federalregister.gov/documents/2022/06/14/2022-12785/request-for-information-regarding-fras-public-blocked-crossing-portal>

Recap and Reminders

Recap and Reminders

- Always **read the NOFO** carefully
- Determine what a successful project looks like
- Ensure you **submit all required documents**
- Address all of the evaluation and selection criteria on which you will be rated
 - **Be clear and direct** in responding to criteria
 - Make your application easy to read and evaluate
 - Don't bury key points!

Recap and Reminders

- **Verify funding and budget amounts** for consistency!
 - **Ensure amounts match** in different parts of your application package (e.g., cover sheet, SOW, Project Narrative, SF-424)
 - Numbers in columns and rows should add up properly in budget tables
 - Only include project costs that are expected to be incurred after grant selection
- Name key partners, indicate in-place agreements, and **include letters of support**
- Have an objective “cold reader” — i.e., an individual unfamiliar with the grant application — review your final document before submission
