

Low or No Emission Vehicle & Grants for Buses and Bus Facilities Competitive Program Webinar

February 2023

Margaretta (Mia) Veltri
Office of Program Management
Federal Transit Administration

U.S. Department of Transportation
Federal Transit Administration

Agenda

Objective

Provide information on how to apply and participate in the Low or No Emission Vehicle as well as the Buses and Bus Facilities Competitive Programs

Agenda

1. Funding & Program Overview
2. Eligibility Information
3. Evaluation Criteria
4. Additional Selection Considerations
5. Application Requirements & Documents
6. Questions

DOT Program Priorities

Renew Our Transit Systems

Reduce Greenhouse Gas Emissions from Public Transportation

Advance Racial Equity

Maintain and Create Good-paying Jobs with a Free and Fair Choice to Join a Union; and

Connect Communities

Authorized Funding: Buses and Bus Facilities Formula, Competitive, and Low-No Program (Section 5339)

Program Component	FY 2022 (in millions)	FY 2023 (in millions)	FY 2024 (in millions)	FY 2025 (in millions)	FY 2026 (in millions)
Formula	\$603.99	\$616.61	\$632.71	\$645.78	\$662.20
Buses and Bus Facilities Competitive	\$375.70	\$383.54	\$393.56	\$401.69	\$411.90
Low or No Emissions Competitive	\$1,121.56	\$1,123.06	\$1,124.96	\$1,126.51	\$1,128.46
5339 Program TOTAL	\$2,101.25	\$2,123.21	\$2,151.23	\$2,173.98	\$2,202.56

Please Note: Funding amounts before subtracting administrative and oversight takedown.

FY2023 Total Funding

FY23 TOTAL AVAILABILITY
*AFTER OVERSIGHT TAKEDOWN, ADDITIONAL APPROPRIATIONS, AND
PRIOR YEAR'S FUNDS

■ Low-No ■ Bus

Bus \$469M

Low-No \$1.2B

Competitive Program Descriptions

Low-No Program

“The **Low-No Program (5339(c))** provides funding for the purchase or lease of zero-emission and low-emission transit buses, as well as for the acquisition, construction, or leasing of supporting facilities and equipment.”

Buses and Bus Facilities Competitive Program

“The **Grants for Buses and Bus Facilities Program (5339(b))** authorizes FTA to award grants to assist in the financing of buses and bus facilities capital projects including:

- 1) Replacing, rehabilitating, purchasing, or leasing buses or related equipment
- 2) Rehabilitating, purchasing, constructing, or leasing bus-related facilities”

Previous Year FY 2022 Competitions

FTA received **530** eligible project proposals (approximately 380 unique projects) in 51 States / territories and the District of Columbia, requesting approximately **\$7.71 billion**.

Low-No Program

215 Projects rated Highly Recommended

100 projects funded for a total of

**\$1.11
Billion**

Buses and Bus Facilities Competitive Program

245 Projects rated Highly Recommended

50 projects funded for a total of

**\$551
Million**

List of funded projects can be found at: www.transit.dot.gov/funding/grants/fy22-fta-bus-and-low-and-no-emission-grant-awards

2023 Low-No & Buses and Bus Facilities Competition

Available Funding: Approximately **\$1.7 billion**

- Buses and Bus Facilities Competitive: Approximately \$469 million
- Low or No Emissions: \$1.22 billion (**\$357 million for low emission projects***)

Important Dates	
Notice of Funding Opportunity	January 27, 2023
Applications Due	11:59pm EST April 13, 2023
Project Evaluations	April – May 2023
Award Announcement	No Later than June 28, 2023
Pre-Award Authority	Starts on date of project announcement
Available for Obligation	The year of award plus 3 years – September 30, 2027

****Please note:** Due to less funding being requested than was available for low-emission projects in 2022, this amount includes approximately \$69 million in FY22 funds reserved for low-emission projects as required by statute.*

Low Emission Set Aside – 25 Percent

- As required by Federal public transportation law ([49 U.S.C. 5339\(c\)\(5\)](#)), a minimum of 25 percent of the amount awarded under the Low-No Program will be awarded to **low-emission projects** other than zero-emission vehicles and related facilities.
- \$69,192,987 of FY 2022 funding for low-emission projects remains available, in addition to the \$287,920,295 available for FY 2023 – totaling **\$357,113,282** total in available funds for low emission projects in 2023.
- Eligible projects include (but not limited to):
 - Hybrid Electric / Gas or Hybrid Electric /Diesel Buses
 - Compressed Natural Gas or Liquified Natural Gas Buses
 - Ethanol, Propane, and Other Alternative Fuel Buses
 - Constructing or Leasing Facilities Specifically for Low Emission Buses
 - Rehabilitating / Improving Existing Public Facilities to Accommodate Low Emission Buses

Why a Joint Notice of Funding Opportunity (NOFO)?

Joint NOFO – IMPORTANT Application Information

1

An applicant may submit a low or no emissions project to **both** the Buses and Bus Facilities Competitive Program and the Low-No Program.

- If a project submitted for consideration under both programs is selected for funding, FTA will exercise its discretion to determine under which program the project will receive funding.

————— **OR** —————

2

May choose to submit to only one of the two programs.

*Please note if submitting to both programs, the same application package must be submitted to both Bus and Low-No **Opportunity IDs** in Grants.Gov.*

Low-No/Bus Competitive Statutory Requirements in the Bipartisan Infrastructure Law (BIL)

Applies to Buses and Bus Facilities Competitive (5339(b)) and Low-No (5339(c)):

- Zero-Emission Fleet Transition Plan (for **any** zero-emission project)
- 5% for Workforce Development for Zero-Emission Projects
- Continuation of the Partnership Provision

Low-No only:

- A minimum of 25% of the amount awarded will be awarded to low emission projects other than zero emission vehicles and related facilities

President Biden signing the BIL. Photo Credit: [NPR](#)

Eligibility Information

Eligible Applicants (Section C.1)

Recipients

Designated recipients, states, local governmental authorities or federally recognized Indian Tribes are eligible.

- **Buses and Bus Facilities Competitive:** Recipients listed above must allocate funds to or operate fixed route service.

Rural areas must submit as part of a consolidated state application, unless the applicant is a tribe.

Subrecipients

Same as recipients above, with these exceptions for Buses and Bus Facilities only:

- Private nonprofit organizations engaged in public transportation are eligible.
- The fixed route requirement does **NOT** apply to subrecipients.

Partnership Provision (Section C.1)

An applicant proposing a low or no emission project under both the Buses and Bus Facilities Competitive Program and the Low-No Program or under just the Low-No Program, may include partnerships with other entities that intend to participate in the implementation of the project.

- 1 The competitive selection process satisfies the requirements for a competitive procurement for the partners named in the application.
- 2 Examples of partnerships include, but are not limited to, specific vehicle manufacturers, equipment vendors, owners or operators of related facilities, or project consultants.
- 3 If proposing a low or no emission project for only the Buses and Bus Facilities program, the partnership provision does not apply.

Cost Sharing or Matching (Section C.2)

Federal
Match
Max
85%

Vehicles compliant with the Clean Air Act (CAA) or Americans with Disabilities Act (ADA)

Federal
Match
Max
90%

Equipment or facilities that are compliant with the Clean Air Act (CAA) or Americans with Disabilities Act (ADA)

- Costs associated with related equipment and facilities must be itemized in application to receive maximum federal share

Federal
Match
Max
80%

All other projects, including workforce development/NTI training

Eligible Projects (Section C.3)

- Replace, rehabilitate, purchase, or lease buses, vans and related equipment
 - This includes leasing power sources (i.e., batteries)
- Rehabilitate, purchase, construct, or lease bus-related facilities
- Rehabilitating or improving existing facilities to accommodate low or no emission buses and vehicles
- Costs incidental to the acquisition of buses or construction of a facility
 - Including activities such as functional landscaping (green space)

Please Note: Projects to the **Low-No Program** must be for low or no emission projects only.

Eligible Projects: Workforce Development

Workforce Development (Non-Zero Emission Projects):

- Recipients are permitted to use up to 0.5% of the requested grant award for workforce development activities.
- An additional 0.5% can be used training at the National Transit Institute.
- NEW: Supportive services, such as dependent care and transportation assistance for participants, may be an eligible use of program funds under 49 U.S.C. 5314(b). **Please see new FAQ's posted at:**
www.transit.dot.gov/funding/grants/federal-transit-administration-faqs-supportive-services

See 49 U.S.C. 5314(b)

Examples Include:

- On-the-job training
- Apprenticeships
- Research for training programs
- Employment outreach programs

Eligible Projects: Workforce Development (cont.)

Workforce Development for Zero-Emission Projects:

- 5% of the requested Federal award must be used for workforce development, unless the applicant explains in the application why less funding is needed.
 - » **Example:** If the total capital costs of vehicles and equipment = \$95,000, an additional \$5,000 should be included in the budget for these expenses for a total project cost of \$100,000.
- NEW: Supportive services, such as dependent care and transportation assistance for participants, may be an eligible use of program funds within this 5%. **Please see new FAQ's posted at:** www.transit.dot.gov/funding/grants/federal-transit-administration-faqs-supportive-services
- These amounts are additional, not a take-down, from other eligible project expenses.

Ineligible Projects

Projects not eligible for funding:

- Non-public transportation projects (e.g., *school buses, prisoner transport, intra-facility shuttles, services not open to the general public, see: 49 U.S.C. § 5302(14)*)
- Operating expenses
- Preventive maintenance
- Development or deployment of prototype/demonstration vehicles
- Previous project expenses
- Mobility management
- Planning and design studies

Evaluation Criteria

Evaluation Criteria (Section E.1)

Demonstration of Need

- **How** will the proposed project address an unmet need for capital investment?
- **What** substantiating evidence can be provided to support these statements?

Demonstration of Benefits*

- Low-No: **How** will the proposed project support the program objectives to reduce energy consumption and harmful emissions?
- Buses and Bus Facilities Competitive: **How** will the proposed project improve safety? The condition of the transit system? Reliability of transit service? Enhance access and mobility?

Please note that this is the only criteria where the requested information is different for each program. In order to apply for **both an applicant must respond to both Demonstration of Benefits sections with responses applicable to the request in the NOFO for that program.*

Evaluation Criteria (Section E.1)

Planning and Local/Regional Prioritization

- **How** is the proposed project consistent with local and regional long range planning documents?
- **How** is the proposed project consistent with local government priorities?
 - Applicants are encouraged to also consult DOT's *Promising Practices for Meaningful Public Involvement in Transportation Decision-Making* at: <https://www.transportation.gov/priorities/equity/promising-practices-meaningful-public-involvement-transportation-decision-making>
- **Zero-Emission applicants:**
 - Did the applicant include a zero-emission fleet transition plan that includes all 6 required elements?

Evaluation Criteria (Section E.1)

Local Financial Commitment

- **When** will the funds be fully secured?
- **What** is the source of the local share?

Project Implementation Strategy

- **How** soon can the proposed project be obligated (within 12 months)?
- **How** will the project be implemented?

Technical, Legal, & Financial Capacity

- Does the applicant have the **know-how** to carry out the proposed project?
- **What** technical, legal, or financial capacity issues exist, if any?

Review and Selection (Section E.2)

Additional Selection Considerations (Section E.2)

FTA could consider in conjunction with the criteria rating:

- Geographic diversity
- Diversity in size of the population of the service area
- Small Urban, Rural or Tribal
- For Zero-Emission projects, prioritize projects with a plan for full fleet transition.
- Receipt of other competitive awards
- Administration Priorities
 - Climate Change
 - Workforce Development/Good Paying Jobs
 - Procurement methods that reduce customization
 - Workforce Development Component of Zero-Emission Transition Plan
 - Justice 40

Administration Priority: Climate Change

For Buses and Bus Facilities Competitive Projects Only

FTA will give priority consideration to applications that are expected to create significant community benefits relating to the environment.

For Both Programs

NEW

For vehicle applications that include **at least twenty zero-emission 40-foot buses**, FTA will give priority consideration to applications that identify greater emission reductions.

To be considered for priority consideration, vehicle applications for at least twenty zero-emission 40-foot buses must use the FTA FY 2023 Bus and Low-No Emission Reduction Calculator which can be found [here](#), attach the file, and include the amount of reductions per vehicle in the supplemental form.

Administration Priority: Creating Good-Paying Jobs

Facility Projects (UPDATED)

1

Identify whether the applicant will commit to registered apprenticeship positions and use apprentices on the funded project (e.g., requiring that a certain percent of all labor hours will be performed by registered apprentices)

————— AND —————

2

Detail partnerships with high-quality workforce development programs with supportive services to help train, place, and retain underrepresented communities in jobs and registered apprenticeships on the project

Administration Priority: Procurement Methods to Reduce Customization

NEW

- 1 FTA will provide priority consideration to applicants that identify their intent to use a procurement method that reduces customization, such as a joint procurement or procurement using an existing schedule
- 2 The applicant should identify the proposed approach, other partners if applicable, and how the procurement approach reduces vehicle customization
- 3 FTA will evaluate each project on its own merits and selection of one participant indicating their intent to pursue a joint procurement will be independent of selection of other potential participants

Administration Priority: Justice40 Initiative

NEW – As a Consideration for Selection

- 1 FTA will also give priority consideration to projects that support the Justice40 initiative.

————— AND —————
- 2 Applicants should identify how they considered the benefits and potential burdens a project may create, who would experience them and how they may be measured over time, with a specific focus on how the benefits and potential burdens will impact underserved/disadvantaged communities

————— AND —————
- 3 Identify how the applicant used a meaningful public involvement process, inclusive of disadvantaged populations, throughout the lifecycle of a project.

Administration Priority: Zero-Emission Fleet Transition Plan Development

Zero Emission Projects (UPDATED)

1

Among zero-emission applications, FTA will give priority consideration to zero-emission applicants that are able to demonstrate that they have consulted with workforce representatives on all aspects of the workforce section of the fleet transition plan

— AND —

2

Include steps to provide or connect workers to supportive services (such as childcare and transportation assistance)

— AND —

3

Identify the use of at least one of the following in their plan:

1. Use of labor-management partnerships for training;
2. Use of registered apprenticeship training to support skilling of incumbent and entry-level workers with focus on using registered apprenticeship to advance Black, Hispanic, Asian American, Native Hawaiian and Pacific Islanders, tribal, women, and other groups facing systemic barriers to employment that may be underrepresented in the current workforce, especially in higher-paying jobs.

Zero-Emission Fleet Transition Plan Required Components

Zero-Emission Fleet Transition Plan

All applications related to zero-emission are required by law to submit a Zero-Emission Fleet Transition Plan. This includes vehicle and equipment procurements as well as facility projects that support zero-emission vehicles.

This plan must include the following six elements identified in law:

Demonstrate Long Term Fleet
Management Plan

Evaluation of Existing and Future
Facilities

Address Availability of Current and
Future Resources

Describe Partnership with Fuel
Provider

Consider Policy and Legislation
Impacts on Technologies

Examine Impact on Applicant's
Workforce

Zero-Emission Fleet Transition Plan: Element 1

Element 1: Demonstrate a long-term fleet management plan with a strategy for how the applicant intends to use the current application and future acquisitions.

Examples of how applicants may address this element (not exhaustive):

- Include excerpt or describe how long-term fleet management plan aligns with the zero-emission application.
- Describe how the procurement plan aligns with the zero-emission application.

Zero-Emission Fleet Transition Plan: Element 2

Element 2: Address the availability of current and future resources to meet costs for the transition and implementation.

Examples of how applicants may address this element (not exhaustive):

- Provide an overview of current funding levels and sources and how that will support/impact the transition.
- Describe planning or other efforts underway to secure additional resources.

Zero-Emission Fleet Transition Plan: Element 3

Element 3: Consider policy and legislation impacting relevant technologies.

Examples of how applicants may address this element (not exhaustive):

- Listing of any state or local policies or legislation that support or hinder the implementation of relevant technology the applicant is looking to implement.
- Analysis of future policy or legislation that the agency is considering that will support the implementation.

***Please Note:** A brief description of the research performed leading to a finding that the applicant does not believe policy or legislation impacts the relevant technologies is acceptable, if applicable.*

Zero-Emission Fleet Transition Plan: Element 4

Element 4: Include an evaluation of existing and future facilities and their relationship to the technology transition.

Examples of how applicants may address this element (not exhaustive):

- Capital inventory relevant to fleet transition that includes information on the state of existing facilities and the scope and timing for future upgrades and/or expansion.
- Analysis of existing facilities relevant to fleet transition and their ability to integrate relevant technology for both current and future acquisitions.

Zero-Emission Fleet Transition Plan: Element 5

Element 5: Describe the partnership of the applicant with the utility or alternative fuel provider.

Examples of how applicants may address this element (not exhaustive):

- Letters of support, contract information, communications, etc. with the fuel/energy provider.
- Analysis of ongoing coordination with providers and plans for integration/cooperation.
- Identification that based on the size of the vehicle fleet that no partnership is needed.

Zero-Emission Fleet Transition Plan: Element 6

Element 6: Examine the impact of the transition on the applicant's current workforce by identifying skill gaps, training needs, and retraining needs of the existing workers of the applicant to operate and maintain zero-emission vehicles and related infrastructure and avoid the displacement of the existing workforce.

Examples of how applicants may address this element (not exhaustive):

- Usage of the Workforce Evaluation Tool.
- Coordination efforts with existing employee representation and/or members.
- Employee retention and agency workforce planning strategies.
- Identification of type of training and training provider.

Zero-Emission Fleet Transition Plan (cont.)

- For agencies with smaller fleets, a Zero-Emission Fleet Transition Plan need not be complex and should be tailored as applicable but must address all six elements.
 - It could be 1-2 pages for example.
- For applications from State Departments of Transportation, the state may provide a Zero-Emission Fleet Transition Plan that covers some or all of the subrecipients, attach individual plans developed by the subrecipients, or a combination of both.
- FTA will rate a zero-emission project higher if the applicant is able to demonstrate how the proposed project and Zero-Emission Fleet Transition Plan support the conversion of the agency's overall fleet to zero emissions.
- Applicants must ensure that the plan contains the six distinct elements, and they are labeled appropriately.
- **Applicants may use an existing plan with a cover letter or addendum identifying the location of the six elements and/or adding any missing elements.**

FY23 Bus & Low-No Emission Reduction Calculator

- For applications including **at least 20 zero-emission 40-foot buses**, FTA will give priority consideration to applicants that identify greater emission reductions. Applicants for at least 20, 40-foot vehicles *must* complete the calculator to receive priority consideration. The calculator is linked in the NOFO and available on FTA's website.: [FY 2023 Bus and Low-No Emission Reduction Calculator | FTA \(dot.gov\)](#)
- Applicants should attach the completed file and include the amount of reductions per vehicle in the supplemental form.

Please attach the
Completed Form to the
Attachment Form
when submitting in
Grants.gov.

Step 1 Applicant should populate Column A (Fuel Type of Vehicle to be Replaced), from dropdown list of fuels provided. Click on the individual cell in Column A for a full listing of fuels.

Step 2 Applicant should populate Column B (Number of Buses Requested) with the exact number of 40' buses being requested as part of the FY23 application.

Step 3 Applicant should populate Column C (Average Annual VMT Per 40' Bus) with the average for the total number of buses listed in Column B.

Useful Zero-Emission Fleet Transition Plan Resources

- FTA's website includes resources for applicants developing Zero Emission Fleet Transition Plans: [FTA Zero-Emission Fleet Transition Plan Resources](#)
- The Transit Workforce Center offers an initial set of building blocks for creating a comprehensive workforce development plan for ZEB transition, a plan that should cover all affected transit frontline workers: [Transit Workforce Center Resources and Best Practices for a Zero Emission-Workforce Fleet Transition Plan](#)
- The Joint Office of Energy and Transportation connects stakeholders with a suite of data and tools for transit agencies and offers new technical assistance to transit agencies shifting their fleets to low- and no-emission vehicles: [Technical Assistance and Resources for Transit Agencies · Joint Office of Energy and Transportation \(driveelectric.gov\)](#)

Transit Vehicle Technical Assistance

Direct technical assistance for eligible transit agencies to plan for and deploy clean transit buses

Transition Transit Buses to Low- or No-Emission Models

The Federal Transit Administration's [Low or No Emission \(Low-No\) Vehicle Program](#) provides \$5.6 billion over 5 years (2022 – 2026) to help modernize bus fleets and bus facilities across the country, focused on helping transit agencies purchase or lease low- or no-emission vehicles and necessary charging or fueling infrastructure. Entities currently receiving Low-No funds, planning to apply for Low-No funds, or using other FTA program funds for clean buses can contact the Joint Office for [technical assistance](#) to plan for and deploy clean transit buses.

Notices of Funding Opportunity

The following Notices of Funding Availability/Opportunity are linked to the Federal Register website. The Federal Register is the Federal Government's official daily publication of rules, proposed rules, and notices of federal agencies, and provides a forum for public participation in the democratic process.

To learn more about FTA NOFOs, choose a notice type or conduct a title search by keyword. Results will include a summary of the notice and a link to the PDF of the appropriate Federal Register page.

Validate Form

FY 2023 Low or No Emission Grant Program and the Grants for Buses and Bus Facilities Competitive Program

Applicant and Proposal Profile

Is this a resubmission due to an invalid/error message from FTA? ☐ Yes ☒ No

Is this application for:
(If applying to both programs, please check both boxes)

☐ Low-No (FTA-2023-002-TPM-LWNO)
☐ Buses and Bus Facilities (FTA-2023-003-TPM-BUS)

Note: If applying to both programs, applicants should enter information for both programs on this form but **Must** submit the application package including the Supplemental Form and attachments, to **Each** respective Opportunity ID on Grants.gov for each program. That is, complete one form, but submit it to both programs in Grants.gov.

Section I. Applicant Information (NOFO Section C.1)

Organization Legal Name:

FTA Recipient ID Number:

Organization Chief Executive Officer:
(name and direct phone number)

Applicant Eligibility: ☐ Direct or Designated Recipient

CAUTION: Do not use “Supplemental Form” from prior years or create your own form. Please use the file provided on the FTA website.

The “Attachment Form” shown below is included in the SF-424 Grant Application Package in Grants.gov.

Please attach the **FTA Supplemental Form** to the **Attachment Form** shown below when submitting in Grants.gov.

Please fill out the following form.

Authorized for Local Reproduction

Standard Form 424 Mandatory (Effective 08/2005)
Prescribed by OMB Circular A-102

Describe how the project supports the Justice40 Initiative and the benefits provided:

Grants.gov – Applicants

The screenshot displays the Grants.gov website interface for applicants. The top navigation bar includes links for HOME, LEARN GRANTS, SEARCH GRANTS, APPLICANTS (highlighted), GRANTORS, SYSTEM-TO-SYSTEM, FORMS, CONNECT, and SUPPORT. A search bar is located at the top right. The main content area is titled "FOR APPLICANTS" and features a large banner with the text "Search on the Go" and "Download the Grants.gov Mobile App to quickly search for and subscribe to funding opportunities." Below this, there are links to download the app on the App Store and Google Play. The page is organized into several sections:

- GRANT APPLICATIONS:** Includes links for "How to Apply for Grants" and "Track My Application".
- APPLICANT RESOURCES:** Includes links for "Workspace Overview", "Applicant Eligibility", "Organization Registration", "Applicant Registration", "Applicant Training", "Applicant FAQs", "Adobe Software Compatibility", "Submitting UTF-8 Special Characters", and "Encountering Error Messages".
- Check Your Eligibility:** Includes a link to "Check Your Applicant Eligibility".
- Get Registered:** Includes links for "Applicant Registration" and "Organization Registration".
- Apply for Grants:** Includes links for "Today" and "Workspace Overview".
- Track Your Application:** Includes a link to "Track Your Application".
- Adobe Compatibility:** Includes a link to "Adobe Compatibility Tip Sheet".
- Applicant Training:** Includes links for "Applicant Training" and "Grants.gov Online User Guide".
- Applicant FAQs:** Includes a link to "Applicant FAQs".
- Manage Subscriptions:** Includes a link to "Sign Up Now".

The footer contains links for "CONNECT WITH US" (Blog, Twitter, YouTube, Alerts, RSS, XML Extract, Get Adobe Reader), "HEALTH & HUMAN SERVICES" (HHS.gov, EEOC / No Fear Act, Accessibility, Privacy, Disclaimers, Site Map), "COMMUNITY" (USA.gov, WhiteHouse.gov, USAspending.gov, SBA.gov, CFDA.gov, SAM.gov, DUNS Request, Report Fraud), and "GRANTS.GOV Applicant Support" (1-800-518-4728, support@grants.gov).

<https://www.grants.gov/web/grants/applicants.html>

Applicant – Organization Registration

The screenshot shows the Grants.gov homepage for applicants. The header includes the Grants.gov logo, a search bar with 'Grant Opportunities' selected, and links for HELP, REGISTER, and LOGIN. The main navigation bar contains links for HOME, LEARN GRANTS, SEARCH GRANTS, APPLICANTS (highlighted), GRANTORS, SYSTEM-TO-SYSTEM, FORMS, CONNECT, and SUPPORT. Below the navigation bar, there's a large banner with the text 'FOR APPLICANTS' and a background image of people walking. To the right of the banner, there's a sidebar with 'GRANT APPLICATIONS' and 'APPLICANT RESOURCES'. The 'APPLICANT RESOURCES' section lists: Workspace Overview, Applicant Eligibility, Organization Registration, Applicant Training, Applicant FAQs, Adobe Software Compatibility, Submitting UTF-8 Special Characters, and Encountering Error Messages. Below the banner, there are eight tiles: 'Check Your Eligibility', 'Get Registered', 'Apply for Grants', 'Track Your Application', 'Adobe Compatibility', 'Applicant Training', 'Applicant FAQs', and 'Manage Subscriptions'. Each tile has an icon and a brief description. The footer contains links for 'CONNECT WITH US' (Blog, Twitter, YouTube, Alerts, RSS, XML Extract, Get Adobe Reader), 'HEALTH & HUMAN SERVICES' (HHS.gov, EEOC / No Fear Act, Accessibility, Privacy, Disclaimers, Site Map), 'COMMUNITY' (USA.gov, WhiteHouse.gov, USAspending.gov, SBA.gov, CFDA.gov, SAM.gov, DUNS Request, Report Fraud), and 'GRANTS.GOV Applicant Support' (1-800-518-4726, support@grants.gov).

The screenshot shows the Grants.gov Organization Registration page. The header is the same as the homepage. The main navigation bar is also the same. Below the navigation bar, there's a banner with the text 'ORGANIZATION REGISTRATION' and a background image of people walking. To the right of the banner, there's a sidebar with 'GRANT APPLICATIONS' and 'APPLICANT RESOURCES'. The 'APPLICANT RESOURCES' section lists: Workspace Overview, Applicant Eligibility, Organization Registration, Applicant Training, Applicant FAQs, Adobe Software Compatibility, Submitting UTF-8 Special Characters, and Encountering Error Messages. Below the banner, there's a section titled 'Registering an Organization' with instructions for new organizations. It states: 'The instructions below are for new organizations or organizations that have never applied for a federal grant before. Most applicants work for organizations that already completed these steps to do business with the federal government. Before your organization can apply for a federal grant, there are several steps an organization must complete outside of Grants.gov prior to submitting an application through Grants.gov. An organization is an entity that submits grant applications on behalf of the group, such as a state government, nonprofit organization, or a private business. Once you form a legal entity with a Employer Identification Number (EIN), you are ready to complete the steps below. Below are the main steps and links to more information to complete this process. The process below can take between three business days and five weeks, so please make sure to begin early. If you do not complete these steps by the submission deadline, you are unlikely to be allowed to submit an application. Contact the federal agency point of contact listed in the grant opportunity to discuss that agency's policy.' The steps are: 1. Obtain a DUNS Number, 2. Register with SAM, and 3. Register with Grants.gov. Each step has a brief description and a link to more information.

Organizations must register in Grants.gov in order to submit applications

Get Started on Your Workspace Application

Workspace is the standard way for organizations or individuals to apply for federal grants in Grants.gov. Workspace allows a grant team to simultaneously access and edit different forms within an application. Plus, the forms can be filled out online or offline—your choice.

Grants.gov Workspace also allows applicants and organizations to tailor their application workflow. Here are three approaches that applicants can take when completing a Workspace application:

Basic

- + Best for organizations with 1-2 registered Grants.gov users
- + Application forms are downloaded and emailed to collaborators before being uploaded back to the workspace

[LEARN MORE >](#)

Intermediate

- + Best for organizations with 3-5 registered Grants.gov users
- + Applicant teams are typically comprised of an AOR who submits, as well as a Workspace Owner who oversees form completion

[LEARN MORE >](#)

Advanced

- + Best for organizations with external Grants.gov users such as consultants
- + Workspace Owner manages form access
- + Workspace Owner manages subforms

[LEARN MORE >](#)

Using Custom Roles in Workspace

Organizations are also able to create custom roles and assign these roles to the users affiliated with the organization.

Grants.gov Roles & Privileges

When an applicant organization user registers with Grants.gov, the organization E-Business Point of Contact (EBiz POC) -- or a user with the Expanded AOR role -- can assign the user a core role, a custom role, or no role.

Roles:

- EBIZ**: Administrator E-Business Point of Contact (EBiz POC)
- EXP**: Core Role Expanded AOR
- AOR**: Core Role Standard AOR
- WM**: Core Role Workspace Manager
- CUST**: Custom Role
- NO ROLE**: No Role

E-Business Point of Contact

The E-Business Point of Contact (EBiz POC) works primarily at the administrative level to (among other tasks) assign roles to organization users once they register with Grants.gov.
