

Buses and Bus Facilities Competitive Program and Low- or No- Emission Program Webinar

Kirsten Wiard-Bauer, Bus Program Manager

Matt Lange, Acting Low-No Program Manager

February 2024

U.S. Department of Transportation
Federal Transit Administration

Agenda

Objective

Provide information on how to apply and participate in the Buses and Bus Facilities Competitive Program and the Low- or No-Emission Program

Agenda

1. Funding and Program Overview
2. Eligibility Information
3. Evaluation Criteria
4. Additional Selection Considerations
5. Applying for FTA Opportunities on Grants.Gov
6. Questions

1. Funding and Program Overview

Program Overviews

Buses and Bus Facilities Competitive Program – 5339(b)

Supports the financing of buses and bus facilities capital projects, including the:

- Replacement, rehabilitation, purchase or lease of buses or related equipment; and
- Rehabilitation, purchase, construction or lease of bus-related facilities.

Low- or No-Emission Program – 5339(c)

Supports the transition of the nation’s transit fleet to the lowest polluting and most energy efficient transit vehicles by supporting the:

- Purchase or lease of zero-emission and low-emission transit buses; and
- Acquisition, construction, and leasing of required supporting facilities.

Low-No-eligible propulsion types include (but are not limited to):

- **Zero Emission:** Battery-electric and hydrogen fuel cell
- **Low Emission:** Hybrid electric/gas, hybrid electric/diesel, compressed natural gas (CNG), liquified natural gas (LNG), ethanol, propane

Authorized Funding

Program Component	FY 2022 (in millions)	FY 2023 (in millions)	FY 2024 (in millions)	FY 2025 (in millions)	FY 2026 (in millions)
Formula	\$603.99	\$616.61	\$632.71	\$645.78	\$662.20
Buses and Bus Facilities Competitive	\$375.70	\$383.54	\$393.56	\$401.69	\$411.90
Low or No Emissions Competitive	\$1,121.56	\$1,123.06	\$1,124.96	\$1,126.51	\$1,128.46
5339 Program TOTAL	\$2,101.25	\$2,123.21	\$2,151.23	\$2,173.98	\$2,202.56

Please Note: Funding amounts before subtracting administrative and oversight takedown.

FY 2024 Authorized Funding

FY 2024 authorized funding: ~\$1.5 billion

Buses and Bus Facilities Competitive Program: ~\$390 million

- Minimum of 15% of the amount awarded must be to projects in rural areas (~\$58.5 million)

Low- or No-Emission Program: ~\$1.1 billion

- Minimum of 25% of the amount awarded must be to low-emission (other than zero emission) projects (~\$276 million)

Please note: Additional funds made available prior to project selection may be allocated to eligible projects

Previous Year FY 2023 Competition

FTA received **475** eligible applications requesting approximately **\$8.7 billion**. Approximately 150 of these applications were under both programs, resulting in approximately 325 unique applications.

Buses and Bus Facilities Competitive Program – 5339(b)

- **265** eligible applications, requesting **\$4.5 billion**
 - 184 of which were rated Highly Recommended
- **47** projects funded for a total of **\$473 million**

Low- or No-Emission Program – 5339(c)

- **210** eligible applications, requesting **\$4.2 billion**
 - 158 of which were rated Highly Recommended
- **83** projects funded for a total of **\$1.2 billion**

List of funded projects can be found at:

<https://www.transit.dot.gov/funding/grants/fy23-fta-bus-and-low-and-no-emission-grant-awards>

Current Year FY 2024 Competition

Important Dates	
Notice of Funding Opportunity Publication	February 8, 2024
Applications Due	11:59 pm ET April 25, 2024
Project Evaluations	May 2024
Project Selections Announcement	No later than July 9, 2024
Pre-Award Authority	Starts on date of project selections
Available for Obligation	The year of award plus 3 years – September 30, 2027

Joint NOFO Application Information

1

An applicant may submit a low- or no-emission project to **both** the Buses and Bus Facilities Competitive Program and the Low- or No-Emission Program.

- If a project submitted for consideration under both programs is selected for funding, FTA will exercise its discretion to determine under which program the project will receive funding.
- Projects must be eligible under both programs.

————— OR —————

2

An applicant may choose to submit to only **one** of the two programs.

*Please note: If submitting to both programs, the same application package must be submitted to **both** Bus and Low-No Opportunity IDs in Grants.Gov.*

Statutory Requirements under the Bipartisan Infrastructure Law

Zero-Emission Projects

Zero-Emission Projects Only (Under Either Program)

- Applicants *must* attach Zero-Emission Fleet Transition Plan
- Applicants *must* include 5% for workforce development

This includes all projects with zero-emission vehicles and/or facilities built to serve zero-emission vehicles, including projects with gas, diesel, or low-emission components.

2. Eligibility Information

U.S. Department of Transportation
Federal Transit Administration

Eligible Applicants (Section C.1)

Low- or No-Emission Program

- **Recipients:** Designated recipients, States (including territories and Washington, DC), local governmental authorities, and Indian tribes
- **Subrecipients:** All otherwise eligible recipients

States must submit applications for projects in rural (non-urban) areas, except for tribes

Buses and Bus Facilities Competitive Program

- **Recipients:** Designated recipients, States (including territories and Washington, DC), local governmental authorities, and Indian tribes
 - Must allocate funds to or operate fixed-route bus service (except for tribes)
- **Subrecipients:** All otherwise eligible recipients, with these exceptions:
 - Private nonprofit organizations engaged in public transportation are eligible
 - The fixed route requirement does **NOT** apply to subrecipients

States must submit applications for projects in rural (non-urban) areas, except for tribes

Partnership Provision (Section C.1)

What is the partnership provision?

Some applicants may include partnerships with other entities that intend to participate in the implementation of the project. If a project that involves project partners is selected, the project will be deemed to satisfy the requirement for a competitive procurement

Which applicants may use the partnership provision?

The provision only applies to low- or no-emission projects proposed under (i) both the Bus Competitive and Low-No Programs or (ii) only the Low-No Program. *It does not apply to projects proposed only under the Bus Competitive Program.*

What types of organizations may be project partners?

This includes, but is not limited to, specific vehicle manufacturers, equipment vendors, owners or operators of related facilities, or project consultants.

Cost Sharing or Matching (Section C.2)

**Maximum
Federal Share**

Project Type

90%

Equipment or facilities that comply with the Clean Air Act (CAA) or Americans with Disabilities Act (ADA)
Costs associated with related equipment and facilities must be itemized in application to receive maximum Federal share

85%

Vehicles that are compliant with the CAA or ADA

80%

All other projects, including workforce development/NTI training

Eligible Projects (Section C.3)

- Replace, rehabilitate, purchase, or lease transit buses or related equipment
 - Including power sources (e.g., batteries)
- Rehabilitate, purchase, construct, or lease bus-related facilities
- Rehabilitate or improve existing facilities to accommodate low- or no-emission buses
- Costs incidental to the acquisition of buses or construction of a facility
- Workforce development activities (*see the next three slides for more information*)

Note: Projects under the Low- or No-Emission Program must be low- or no-emission to be eligible. Facilities must *directly support* low- or no-emission vehicles.

Eligible Projects: Workforce Development (Section C.3)

Standard Emission and Low-Emission Projects

Traditional emission and low-emission recipients are permitted to use:

- Up to 0.5% of the requested Federal amount for workforce development activities
- Up to an additional 0.5% for training at the National Transit Institute

See 49 U.S.C. 5314(b)

Examples include:

- On-the-job training
- Apprenticeships
- Research for training programs
- Employment outreach programs
- Supportive services

Please see supportive services FAQs posted at:
<https://www.transit.dot.gov/funding/grants/federal-transit-administration-faqs-supportive-services>

Eligible Projects: Workforce Development (Section C.3)

Zero-Emission Projects

Zero-emission project recipients **are required** to use:

- 5% of the requested zero-emission Federal amount for zero-emission workforce development activities
 - Unless the applicant explains in the application why less funding is needed
 - This amount is additional, not a take-down, from other eligible project expenses

If a project includes both zero-emission and standard/low-emission project components:

- 5% of the Federal request for zero-emission project components **must** be for workforce development
- 0.5% of the Federal request for standard and low-emission project components **may optionally** be for workforce development

Please see updated FAQs posted at:

<https://www.transit.dot.gov/funding/grants/low-no-and-buses-and-bus-facilities-faqs>

Eligible Projects: Workforce Development (Section C.3)

Zero-Emission Projects

Calculation Steps

1. Add the Federal request for all other zero-emission line items
2. Divide this total by 0.95 (round to nearest dollar)
3. Multiply this total by 0.05 (round to nearest dollar)

Example Calculation

1. Zero emission buses and chargers:
 $\$2,700,000 + \$300,000 = \$3,000,000$
2. $\$3,000,000 / 0.95 = \$3,157,895$
3. $\$3,157,895 \times 0.05 = \$157,895$

Example Budget

Item	Federal Request
Zero-emission buses	\$2,700,000
Bus chargers	\$300,000
Low-emission buses	\$300,000
Workforce development	?
TOTAL	\$3,300,000

Applicants can double check the calculation by adding the Federal request for all zero-emission line items, including workforce development, and multiplying by 0.05.

Please note: Projects that include multiple emission types are required to include the 5% for zero-emission components and may optionally include 0.5% for the low-emission and traditional emission components.

Ineligible Projects

- Non-public transportation projects
 - E.g., school buses, prisoner transport, intra-facility shuttles, services not open to the general public (49 USC 5302(15))
- Operating expenses
- Preventive maintenance
- Development or deployment of prototype/demonstration vehicles
- Previous project expenses
- Mobility management
- Planning and design studies
- Low-No only: Traditional emission buses, and facilities and equipment that do not directly support the deployment of zero- or low-emission vehicles

3. Evaluation Criteria

U.S. Department of Transportation
Federal Transit Administration

Evaluation Criteria (Section E.1)

There are six evaluation criteria used to score applications:

1. Demonstration of Need

2. Demonstration of Benefits

3. Planning and Local/Regional Prioritization

4. Local Financial Commitment

5. Project Implementation Strategy

6. Technical, Legal, & Financial Capacity

Evaluation Criteria (Section E.1)

1. Demonstration of Need

- How will the proposed project address an unmet need for capital investment?

2. Demonstration of Benefits*

- Buses and Bus Facilities Competitive Program: How will the proposed project improve safety? The condition of the transit system? Access and mobility?
- Low- or No-Emission Program: How will the proposed project support the program objectives to reduce energy consumption and harmful emissions?

**Please note: This is the only criterion where the requested information is different for each program. To apply for both programs, an applicant must respond to both Demonstration of Benefits sections with responses applicable to the unique request in the NOFO for that program.*

Evaluation Criteria (Section E.1)

3. Planning and Local/Regional Prioritization

- How is the proposed project consistent with local and regional long-range planning documents?
- How is the proposed project consistent with local government priorities?
 - Applicants are encouraged to also consult DOT's Promising Practices for Meaningful Public Involvement in Transportation Decision-Making at:
<https://www.transportation.gov/priorities/equity/promising-practices-meaningful-public-involvement-transportation-decision-making>
- Zero-emission applicants only: Did the applicant include a Zero-Emission Fleet Transition Plan that includes all 6 required elements?

Evaluation Criteria (Section E.1)

4. Local Financial Commitment

- When will the funds be fully secured?
- What is the source of the local share?

5. Project Implementation Strategy

- How soon can the proposed project be obligated (within 12 months)?
- How will the project be implemented?

6. Technical, Legal, & Financial Capacity

- Does the applicant have the knowledge to carry out the proposed project?
- What technical, legal, or financial capacity issues exist, if any?

Zero-Emission Fleet Transition Plan (Section E.1)

ALL applications related to zero emissions are required by law to submit a Zero-Emission Fleet Transition Plan. This includes vehicle and equipment procurements as well as facility projects that support zero-emission vehicles.

This plan must include the following six elements identified in law:

1. Demonstrate Long Term Fleet Management Plan

2. Address Availability of Current and Future Resources

3. Consider Policy and Legislation Impacts on Technologies

4. Evaluation of Existing and Future Facilities

5. Describe Partnership with Fuel Provider

6. Examine Impact on Applicant's Workforce

Please visit <https://www.transit.dot.gov/funding/grants/zero-emission-fleet-transition-plan> for more information.

Zero-Emission Fleet Transition Plan (Section E.1)

- Applicants must ensure that the plan contains the six distinct elements, and that they are labeled appropriately
- Applicants may use an existing plan with a cover letter or addendum identifying the location of the six elements and/or adding any missing elements
- For agencies with smaller fleets, a Zero-Emission Fleet Transition Plan need not be complex and should be tailored as applicable but must address all six elements
 - It could be 1-2 pages for example
- For applications from State Departments of Transportation, the state may provide a Zero-Emission Fleet Transition Plan that covers some or all the subrecipients, attach individual plans developed by the subrecipients, or a combination of both
- Useful resources may include:
 - [FTA Zero-Emission Fleet Transition Plan Resources](#)
 - [Transit Workforce Center Resources and Best Practices for a Zero-Emission Workforce Fleet Transition Plan](#)
 - [Joint Office of Energy and Transportation Technical Assistance and Resources for Transit Agencies](#)

Streamlined Tribal Application Requirements (Section E.1)

NEW in FY 2024

Applications from tribes requesting less than \$1 million have streamlined application requirements:

★ **1. Demonstration of Need:** Narrative required

2. **Demonstration of Benefits:** Narrative NOT required

★ **3. Planning and Local/Regional Prioritization:** Narrative NOT required but (if applicable) Zero-Emission Fleet Transition Plan IS required

★ **4. Local Financial Commitment:** Narrative required

★ **5. Project Implementation Strategy:** Narrative NOT required, but project timeline and (if applicable) a description of project partners' qualifications ARE required

6. **Technical, Legal, and Financial Capacity:** Narrative NOT required

Additional Considerations: Narratives NOT required

4. Additional Selection Considerations

U.S. Department of Transportation
Federal Transit Administration

Additional Selection Considerations (Section E.2)

When selecting projects, FTA could consider the following factors in conjunction with the evaluation criteria ratings:

- Geographic diversity
- Diversity in size of the population of the service area
- Small urban, rural, or tribal applicant
- Receipt of other competitive awards
- Propulsion type
- Administration Priorities
 - Reduction of Vehicle Customization**
 - Contract Terms**
 - Climate Change and Sustainability
 - Full Fleet Transition to Zero Emission
 - Zero-Emission Fleet Transition Plan – Workforce Development
 - Creating Good-Paying Jobs
 - Justice40

*** FTA intends to weigh these priorities greater than others.*

Administration Priority: Reduction of Vehicle Customization

Vehicle Projects

UPDATED

FTA intends to weigh this priority consideration greater than others

FTA will give priority consideration to applications that identify their intent to...

1. Use a joint procurement with at least 3 total transit agencies for a common specification; **OR**
2. *For low- and no-emission projects where the applicant proposes a vehicle original equipment manufacturer (OEM) as a project partner: Commit to using a standard vehicle model without customization*
 - Applicants must attach a letter from the vehicle OEM that certifies the applicant will use the OEM's standard model
 - See NOFO Section E.1.e and Section C.1 for information on the partnership provision

FTA will evaluate each project on its own merits but may select a participant that indicates its intent to pursue a joint procurement based on the selection of other potential participants in the procurement.

Administration Priority: Contract Terms

Vehicle Projects

NEW IN FY 2024

FTA intends to weigh this priority consideration greater than others

FTA will give priority consideration to applications that identify their intent to...

1. Use advance payments; **OR**
2. Use progress payments

For applicants that identify their intent to use advance payments, FTA will not require securitization beyond the advance payment amount.

Administration Priority: Climate Change and Sustainability

UPDATED

FTA will give priority consideration to applications that...

1. Are expected to create significant community benefits relating to the environment, including those projects that incorporate low- or no-emission technology or specific elements to address greenhouse gas emissions and climate change impacts; **OR**
2. *For facility projects:* Include elements to strengthen the resilience of the community and/or transit system with regard to climate change; **OR**
3. *For vehicle applications that request at least twenty 40-foot zero-emission buses:* Identify greater emission reductions
 - Applicants must use the FTA Bus and Low-No Emission Reduction Calculator which can be found [here](#), attach the file, and include the amount of annual reductions per vehicle in the supplemental form

FTA Bus & Low-No Emission Reduction Calculator

- For applications including **at least twenty 40-foot zero-emission buses**, FTA will give priority consideration to applicants that identify greater emission reductions.
- The calculator is linked in the NOFO and available on FTA’s website: [FTA Bus and Low-No Emission Reduction Calculator | FTA \(dot.gov\)](https://www.fta.dot.gov/FTA-Bus-and-Low-No-Emission-Reduction-Calculator)
- Applicants should attach the completed file and include the amount of reductions per vehicle in the supplemental form.

The screenshot shows a spreadsheet titled "FTA's Low-No/Bus Competitive Emissions Reduction Calculator for at least twenty 40' Zero Emission Buses". The spreadsheet has columns A through K. Column A is "Fuel Type of Vehicles to be Replaced", Column B is "Number of Buses Requested", Column C is "Average Annual VMT Per 40' Bus", Column D is "Total Direct Emissions Per Year", and Column E is "Avg Direct CO2 Emissions per Year per Vehicle to be replaced". The spreadsheet is currently populated with "#N/A" in columns D and E for rows 3 through 30. Column F contains green checkmarks. Column G is empty. Column H is empty. Column I is titled "Directions" and contains instructions for applicants. Column J is empty. Column K is empty. A green callout box is overlaid on the spreadsheet, containing the text: "Please attach the completed form when submitting in Grants.Gov".

Directions

Applicants requesting twenty or more 40' zero emission buses to replace existing vehicles should complete the following to be considered as part of the Climate Change and Sustainability priority consideration.

Step 1 Applicant should populate Column A (Fuel Type of Vehicle to be Replaced), from dropdown list of fuels provided. Click on the individual cell in Column A for a full listing of fuels.

Step 2 Applicant should populate Column B (Number of Buses Requested) with the exact number of 40' buses being requested as part of the FY23 application.

Step 3 Applicant should populate Column C (Average Annual VMT Per 40' Bus) with the average for the total number of buses listed in Column B.

Please attach the completed form when submitting in Grants.Gov

Administration Priority: Full Fleet Transition to Zero Emission

Zero-Emission Projects

FTA will give priority consideration to applications that...

1. Demonstrate how the proposed project and fleet transition plan support the conversion of the agency's overall fleet to zero emissions

Administration Priority: Zero-Emission Fleet Transition Plan – Workforce Development

Zero-Emission Projects

FTA will give priority consideration to applications that...

1. Demonstrate that they have consulted with workforce representatives on all aspects of the workforce section of the fleet transition plan; **AND**
2. Include steps to provide or connect workers to supportive services (such as childcare and transportation assistance); **AND**
3. Identify the use of at least one of the following in their plan:
 - Use of labor-management partnerships for training; **OR**
 - Use of registered apprenticeship training to support skilling of incumbent and entry-level workers with focus on using registered apprenticeship to advance groups facing systemic barriers to employment that may be underrepresented in the current workforce, especially in higher-paying jobs.

Administration Priority: Creating Good-Paying Jobs

Facility Projects

FTA will give priority consideration to applications that...

1. Identify whether the applicant will commit to registered apprenticeship positions and use apprentices on the funded project (e.g., requiring that a certain percent of all labor hours will be performed by registered apprentices); **AND**
2. Detail partnerships with high-quality workforce development programs with supportive services to help train, place, and retain underrepresented communities in jobs and registered apprenticeships on the project; **AND**
3. *For facility projects over \$35 million in total facility project cost:* Commit to using a Project Labor/Community Workforce Agreement; **AND**
4. *For facility projects over \$35 million in total facility project cost:* Commit to participating in the US Department of Labor's Office of Federal Contract Compliance Programs (OFCCP) Mega Construction Project Program if selected by OFCCP

Administration Priority: Justice40

All Projects

UPDATED

FTA will give priority consideration to applications that...

1. Identify disadvantaged communities in the project area that are impacted by the project using the Climate & Economic Justice Screening Tool (CEJST) (<https://screeningtool.geoplatform.gov/>); **AND**
2. Identify how the benefits of the project will reverse or mitigate the burden of disadvantage and how the project will address challenges and accrue benefits; **AND**
3. Provide evidence of strategies used in the planning process to seek out and consider the needs of those disadvantaged by existing transportation systems, including public and community engagement

5. Applying for FTA Grant Opportunities on Grants.Gov

U.S. Department of Transportation
Federal Transit Administration

FTA Notice of Funding Opportunity

The screenshot shows the Federal Transit Administration website. The 'Applying' menu item is highlighted with a red box. Below the navigation menu, the 'Notices of Funding Opportunity' section is visible, featuring a search form and a table of funding opportunities. The table has columns for Date Effective, Close Date, Opportunity ID, and Grant Program. The Opportunity ID 'FTA-2024-003-TPM-LWNQ_FTA-2024-004-TPM-BUS' is highlighted with a red box.

Date Effective	Close Date	Opportunity ID	Grant Program
02/08/2024	04/25/2024	FTA-2024-003-TPM-LWNQ_FTA-2024-004-TPM-BUS	

This screenshot shows the details of the funding opportunity. The 'Applying' menu item from the previous screenshot is highlighted with a red box and an arrow pointing to this page. The page includes a sidebar with navigation links, a main heading, and detailed information about the opportunity.

Low or No Emission and Grants for Buses and Bus Facilities Competitive Programs FY2024 Notice of Funding Opportunity

Date Posted: February 8, 2024
Date Closed: April 25, 2024
Opportunity ID: FTA-2024-003-TPM-LWNQ, FTA-2024-004-TPM-BUS
Opportunity Announcement PDF: <https://www.govinfo.gov/content/pkg/FR-2024-02-08/pdf/2024-02246.pdf>
Opportunity Announcement TXT: <https://www.govinfo.gov/content/pkg/FR-2024-02-08/html/2024-02246.htm>

Grant Program: [Low or No Emission Grant Program](#) and [Grants for Buses and Bus Facilities Program](#)

Details: 2/8/2024. Notice of Funding Opportunity (NOFO): Solicitation of Project Proposals for the 5339(c) Low or No Emission Grant Program and 5339(b) Grants for Buses and Bus Facilities Competitive Program. The Federal Transit Administration (FTA) announces the opportunity to apply for \$1,103,963,762 in competitive grants under the Low or No Emission Grant Program (Low-No Program) and \$390,045,823 under the Grants for Buses and Bus Facilities Competitive Program (Buses and Bus Facilities Program). FTA is joining these two grant opportunities in one NOFO, and applicants are welcome to apply to either program or both (see instructions below). Synopses and full announcements are posted on Grants.Gov as opportunity [FTA-2024-003-TPM-LWNQ](#) for Low-No applications and [FTA-2024-004-TPM-BUS](#) for Buses and Bus Facilities applications. Proposals must be submitted electronically through Grants.Gov website by **11:59 PM Eastern Time 04/25/2024**.

Summary: The purpose of the Low-No Program is to support the transition of the nation's transit fleet to the lowest polluting and most energy efficient transit vehicles. The Low-No Program provides funding to state and local governmental authorities for the purchase or lease of zero-emission and low-emission transit buses, including acquisition, construction, and leasing of required supporting facilities.

Grant Program: [Low or No Emission and Grants for Buses and Bus Facilities Competitive Programs FY2024 Notice of Funding Opportunity](#)

Details: 2/8/2024 (FO): Solicitation of Project Proposals for the 5339(c) Low or No Emission Grant Program and 5339(b) Grants for Buses and Bus Facilities Competitive Program. The Federal Transit Administration (FTA) announces the opportunity to apply for \$1,103,963,762 in competitive grants under the Low or No Emission Grant Program (Low-No Program) and \$390,045,823 under the Grants for Buses and Bus Facilities Competitive Program (Buses and Bus Facilities Program). FTA is joining these two grant opportunities in one NOFO, and applicants are welcome to apply to either program or both (see instructions below). Synopses and full announcements are posted on Grants.Gov as opportunity [FTA-2024-003-TPM-LWNO](#) for Low-No applications and [FTA-2024-004-TPM-BUS](#) for Buses and Bus Facilities applications. Proposals must be submitted electronically through Grants.Gov website by 11:59 PM Eastern Time 04/25/2024.

Summary: The purpose of the Low-No Program is to support the transition of the nation's transit fleet to the lowest polluting and most energy efficient transit vehicles. The Low-No Program provides funding to state and local governmental authorities for the purchase or lease of zero-emission and low-emission transit buses, including acquisition, construction, and leasing of required supporting facilities.

Validate Form

FY 2024 Low or No Emission Grant Program and the Grants for Buses and Bus Facilities Competitive Program

Applicant and Proposal Profile

Is this a resubmission due to an invalid/error message from FTA? Yes No

If this application for: Low-No (FTA-2024-002-TPM-LWNO)
(If applying to both programs, please check both boxes) Buses and Bus Facilities (FTA-2024-003-TPM-BUS)

Note: If applying to both programs, applicants should enter information for both programs on this form but **must** submit the application package, including the Supplemental Form and attachments, to **each** respective Opportunity ID on Grants.gov for each program. That is, complete one form, but submit it to both programs in Grants.gov.

Section I. Applicant Information (NOFO Section C.1)

Organization Legal Name:

FTA Recipient ID Number:

Organization Chief Executive Officer:
(name and direct phone number)

The “Attachment Form” shown below is included in the SF-424 Grant Application Package in Grants.gov.

Please attach the FTA Supplemental Form to the Attachment Form shown below when submitting in Grants.gov.

ATTACHMENTS FORM

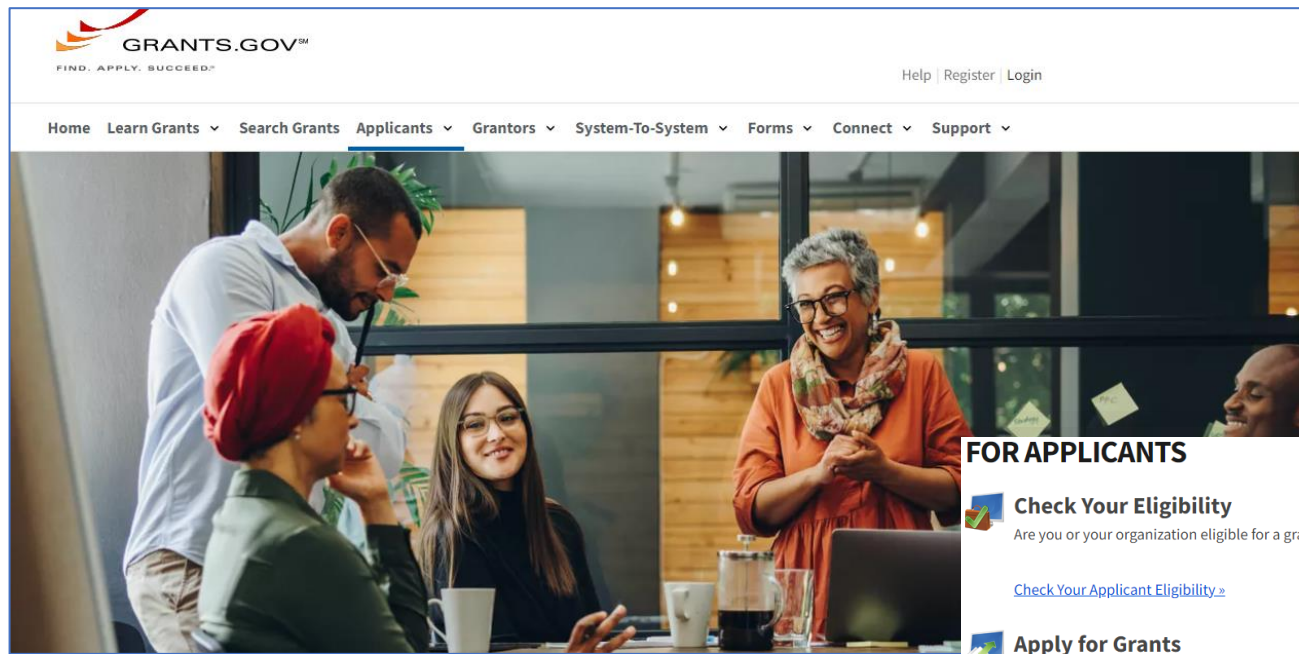

Instructions: On this form, you will attach the various files that make up your grant application. Please consult with the appropriate Agency Guidelines for more information about each needed file. Please remember that any files you attach must be in the document format and named as specified in the Guidelines.

Important: Please attach your files in the proper sequence. See the appropriate Agency Guidelines for details.

1) Please attach Attachment 1	<input type="text"/>	Add Attachment	Delete Attachment	View Attachment
2) Please attach Attachment 2	<input type="text"/>	Add Attachment	Delete Attachment	View Attachment
3) Please attach Attachment 3	<input type="text"/>	Add Attachment	Delete Attachment	View Attachment
4) Please attach Attachment 4	<input type="text"/>	Add Attachment	Delete Attachment	View Attachment
5) Please attach Attachment 5	<input type="text"/>	Add Attachment	Delete Attachment	View Attachment
6) Please attach Attachment 6	<input type="text"/>	Add Attachment	Delete Attachment	View Attachment
7) Please attach Attachment 7	<input type="text"/>	Add Attachment	Delete Attachment	View Attachment
8) Please attach Attachment 8	<input type="text"/>	Add Attachment	Delete Attachment	View Attachment

Workspace in Grants.Gov

The screenshot shows the Grants.gov homepage with the 'Applicants' menu item selected. The main heading is 'WORKSPACE OVERVIEW'. Below it is the sub-heading 'Get Started on Your Workspace Application'. The text explains that Workspace is the standard way for organizations or individuals to apply for federal grants, allowing simultaneous access and editing of forms. It also mentions that applicants can choose their application workflow approach. Three options are listed: Basic, Intermediate, and Advanced.

WORKSPACE OVERVIEW

Get Started on Your Workspace Application

Workspace is the standard way for organizations or individuals to apply for federal grants in Grants.gov. Workspace allows a grant team to simultaneously access and edit different forms within an application. Plus, the forms can be filled out online or offline – your choice.

Grants.gov Workspace also allows applicants and organizations to choose which approach to use for their application workflow. Here are three approaches applicants can take when completing a Workspace application:

- Basic**
 - + Best for organizations with 1-2 registered Grants.gov users
 - + Application forms are downloaded and emailed to collaborators before being uploaded back to the workspace
 - [Learn more](#)
- Intermediate**
 - + Best for organizations with 3-5 registered Grants.gov users
 - + Applicant teams are typically comprised of an AOR who submits, as well as a Workspace Owner who oversees form completion
 - [Learn more](#)
- Advanced**
 - + Best for organization users, such as consultants
 - + Workspace Owner manages application workflow
 - + Workspace Owner adds and removes users
 - [Learn more](#)

The screenshot shows the 'WORKSPACE ROLES' section of the Grants.gov website. It includes the heading 'Grants.gov Roles & Privileges' and a paragraph explaining that a user with the Expanded AOR role can assign core, custom, or no roles to other users. Below this is a diagram showing five user icons with colored circles representing their roles: EXP (Expanded AOR), AOR (Standard AOR), WM (Workspace Manager), CUST (Custom Role), and NO ROLE. A legend at the bottom identifies the core roles: EXP, AOR, and WM.

WORKSPACE ROLES

Grants.gov Roles & Privileges

When an applicant organization user registers with Grants.gov, a user with the Expanded AOR role can assign the user a core role, a custom role, or no role.

Core Roles

EXP AOR WM
