The Honorable Sam Graves  
Ranking Member  
Committee on Transportation and Infrastructure  
U.S. House of Representatives  
2164 Rayburn Office Building  
Washington, DC 20515

Dear Chairman DeFazio and Ranking Member Graves:

I write in strong support of H.R. 2, the Investing in a New Vision for the Environment and Surface Transportation in America Act.

On June 11, 2020, the American Public Transportation Association sent their letter in support of the Act. The many important points made by APTA and many other individuals, associations and companies that are also in support are equally important to me as an individual as well as to the more than 9,000 United States based employees of HDR, an employee owned firm with more than 180 office throughout the U.S.

We understand there is a lot of hard work to move H.R. 2 forward to passage. I thank you both and the many other members that recognize the importance of the Act for your leadership and I remain optimistic that reasonable people across both sides of the aisle will work together and support investment in our national infrastructure.

Best regards,  
Charlie O'Reilly
