 Room: Birchwood, Mezzanine Level

Allen C. Smith III	Chair
Gary Schafer	Vice Chair
Bill McClellan	Secretary

MISSION STATEMENT

The Rail Standards Policy and Planning Committee has final release authority for published APTA standards related to rail transportation modes. The Committee sets priorities of competing standards initiatives within the rail mode, advocates interests of its constituents to the Standard Development Council, and helps integrate standards development efforts within the rail mode, while being cognizant of other initiatives in safety, federal rules, and other Policy Committees.
