

WA State RTPOs (Transits on the Policy Board)

- Prepare a transportation strategy for the region
- Prepare a regional transportation plan
- Develop a TIP
- Prepare a Coordinated Human Services Transportation Plan
 - Rank Projects
- Develop and review Level of Service measures and methodologies
- Award Transportation Alternatives Program funding

Discussion points for NPRM and RTPOs

- Approximately 30 states have some version of a Rural or Regional planning body. The process should not be cumbersome to meet to federal version.
- Should urban areas be included on RTPO boards? Much of the discussion within RTPOs is about how to get people and freight into and out of the urban areas. Why not include them?
