Innovation COMMUNICATION

# Leaders vs. Champions

# Champion Blueprint

- Begin to look for standout individuals within your organization
- Reference past major innovative changes
- Recognize and remove limits or constraints that may be imposed
- Earmark performers who have mastered “inside the box”
- Meet your neighbors
- Engage facilitators outside your organization
- Welcome the Next generation, the new and evolving faces

If you want to go fast, go alone.  
If you want to go far, go together.

- African Proverb
