Report 227

Prioritization of Public Transportation Investments: A Guide for Decision-Makers

This report provides practical advice for transportation agencies looking to improve their prioritization practice for public transportation projects.

Report 225

A Pandemic Playbook for Transportation Agencies

This report summarizes effective practices currently used by transportation agencies based on interviews with state departments of transportation and transit agency leaders and operational personnel, supplemented with national and international research results.

Report 223

Guidebook and Research Plan to Help Communities Improve Transportation to Health Care Services

This report details how to initiate a dialogue between transportation and health care providers as well as subsequent actions and strategies for pursuing a partnership and implementing transportation solutions appropriate for patients.

Report 194

Knowledge Management Resource to Support Strategic Workforce Development for Transit Agencies

This guidebook explores the importance of knowledge management (KM), which is an organization's process for collecting, storing, and sharing organizational information and knowledge, and provides guidance on implementing KM strategies in transit agencies.

Report 191

Public Transportation Guidebook for Small- and Medium-Sized Public- Private Partnerships (P3s)

This report serves as a resource to explore, evaluate, initiate, plan, and implement small- and medium-sized public-private partnership (P3) initiatives. The guidebook addresses why and when to consider P3s for small- and medium-sized initiatives, what types of initiatives may be undertaken, and how to effectively undertake these initiatives.
