Manuals and Guidebooks

- Report 202**
Handbook for Examining the Effects of NEMT Brokerages on Transportation Coordination

This report is a handbook for Examining the Effects of NEMT Brokerages on Transportation Coordination. The Medicaid program is the largest federal program for human services transportation, spending approximately \$3 billion annually on Non-Emergency Medical Transportation (NEMT).
- Report 194**
Knowledge Management Resource to Support Strategic Workforce Development for Transit Agencies

This guidebook explores the importance of knowledge management (KM), which is an organization's process for collecting, storing, and sharing organizational information and knowledge, and provides guidance on implementing KM strategies in transit agencies.
- Report 192**
Decision-Making Toolbox to Plan and Manage Park-and-Ride Facilities for Public Transportation

This report provides approaches to managing park-and-ride facilities, from developing the park-and-ride concept for a community to day-to-day management.
- Report 191**
Public Transportation Guidebook for Small- and Medium-Sized Public-Private Partnerships (P3s)

This report serves as a resource to explore, evaluate, initiate, plan, and implement small- and medium-sized P3 initiatives.
- Report 183**
Manual to Improve Rail Transit Safety at Platform/Vehicle and Platform/Guideway Interfaces

This report is a resource for transit and roadway agency staff seeking to improve bus speed and reliability on surface streets while addressing the needs of other roadway users.
- Report 175**
Guidebook on Pedestrian Crossing of Public Transit Rail Services

This report presents a wide array of engineering treatments designed to help improve pedestrian safety for three types of public transit rail services: light rail, commuter rail, and streetcar.
