Transit Challenges. Practical Solutions.

- **Report 126**
Leveraging ITS Data for Transit Market Research: A Practitioner's Guidebook
This report examines intelligent transportation systems (ITS) and Transit ITS technologies currently in use, explores their potential to provide market research data, and presents methods for collecting and analyzing these data.
- **Report 51**
A Guidebook for Marketing Transit Services to Business
This report provides information on successful business-to-business marketing techniques with application to transit.
- **Report 36**
A Handbook: Using Market Segmentation to Increase Transit Ridership
This report provides an overview of market segmentation--what it is and why it is relevant to public transit agencies.
- **Synthesis 105**
Use of Market Research Panels in Transit
This report describes the various types of market research panels, identifies issues that researchers should be aware of when engaging in market research and panel surveys, and provides examples of successful market research panel programs.
- **Synthesis 99**
Uses of Social Media in Public Transportation
This report explores the use of social media among transit agencies and documents successful practices in the United States and Canada.
